

## Dissent in Senate Over \$800,000,000 Tax Plan On Corporation Profits

Administration Leaders, However, Expect Passage Through Congress by Saturday Night; Goes Far to Satisfy President.

### THREE BILLIONS

Roosevelt to Have Huge Relief Sum to Provide Jobs for More Than Three Millions.

Washington, June 19 (AP)—A new shaped tax plan designed to raise \$800,000,000 through penalty taxes on undivided corporation profits and other major revisions of the revenue structure aroused emphatic dissent among some senators today but administration leaders said it would go through Congress Saturday night. They expected that President Roosevelt would welcome the plan, which was agreed upon in a Senate-House conference committee last night. It goes far to meet his demands for stiff taxes to induce corporations to distribute more income to stockholders and for additional taxation on dividends.

The conference agreement must be ratified by both chambers. It is generally expected to encounter no serious trouble in the House, but some Senate foes of the bill went so far today as to say privately that nearly half of the membership of that body had determined to vote against it. No filibuster was predicted, however, and administration leaders hoped to pass the bill in time to adjourn Congress late Saturday night.

The bill, which represents a compromise between measures previously passed by Senate and House includes:

"Normal" taxes on all corporation net income, ranging from 8 per cent on the first \$2,000 to 15 per cent on all over \$40,000. (At present such taxes range from 12 1/2 to 15 per cent.)

New graduated taxes on undistributed corporation earnings, ranging from 7 per cent on the first 10 per cent of earnings retained, to 27 per cent on all earnings retained in excess of 60 per cent.

A provision giving special treatment to small corporations by applying the 7 per cent tax either to the first 10 per cent of undistributed earnings, or to \$5,000 of such earnings, whichever is the larger.

Huge Relief Sum  
President Roosevelt and his aides will have \$3,271,000,000 for relief and public works in the next fiscal year beginning July 1. The sum is estimated as sufficient to provide jobs for more than 2,000,000 on the basis of present costs of relief.

With a \$3,275,000,000 deficiency bill awaiting only President Roosevelt's signature before the new program is thrown into high gear, legislative steps also are being taken to study long range relief problems. After legislative action was completed yesterday on the big appropriation measure, the Senate passed and sent to the House a resolution calling for a national commission to recommend future policies on unemployment.

The \$1,425,000,000 item in the deficiency bill for the Works Progress Administration is expected to furnish pay envelopes for 2,000,000 persons in the next year. This money will be spent under the direction of the President, as provided in the bill, instead of by Administrator Harry L. Hopkins.

The \$300,000,000 fund for Secretary Ickes' Public Works Administration is expected to finance a half billion dollars worth of non-federal public works projects.

During the year also \$246,000,000 will be spent for the 115,505 members of the Civilian Conservation Corps, and about \$300,000,000 for reclamation and other heavy engineering projects expected to put 100,000 to work.

Another 400,000 can be employed with the \$1,000,000,000 in relief cash which remains unspent from the previous appropriations.

\$173,000 is Granted

Albany, N. Y., June 19 (AP)—The Federal Reclamation Administration has allocated \$173,000 for the purchase of 14,000 acres in northern New York for reforestation, erosion control and other conservation uses. It was announced today by the executive officer in the absence of Governor Lehman. Forty-one families now living on the lands, classified by the state planning board as unsuitable for further profitable agricultural cultivation, will be moved to other farms. Among the types of conservation work which are planned on the two projects are forestry, soil management, prevention of soil erosion, flood control by means of forest stand improvement, ground water planning, fire hazard prevention, improvement of road and cover for wild life and track trail construction.

Mrs. Reed Lomon Hospital

It is announced that Mrs. Cora Norton Reed, who has been at the Kingston Hospital recovering from the injuries sustained when she was struck by a car on the corner of Broadway and Broadway, will be able to leave the hospital on Saturday. She will go to the home of Mrs. Fred P. Lott at 54 Broadway street for the summer.

## Paris Ends Further Boycott, Bitter Sanctionists Loose Public Protest Upon Eden

French Cabinet Agrees to "Accept" Cancellation of Sanctions Against Italy Dependent Upon League Decision—Labor Leaders Call British Cabinet's Decision to Back Suspension of Sanctions "The Great Betrayal" of the League of Nations, and Press, Once Pro-Eden, Attacks Foreign Minister—Berlin Praises Baldwin's Speech.

### Military Units Called In the Foreign Strikes

(By The Associated Press)  
Military men and measures were used in some parts of Europe today to smother incipient strike trouble.

Police and army reserves were summoned in Belgium to assure delivery of food supplies in the face of varied walkouts.

Curfew at 10 p. m. was ordered in Kaunas, Lithuania, on pain of military court martial. A bread shortage threatened amid a 3-day strike of Kaunas workmen.

More than 200,000 reluctant workers remained on strike in France, but the general idleness movement continued to ebb. In Spanish Rightist-Leftist clashes, five more persons were slain. Country-wide strikes continued, with 100,000 out in Madrid.

### Mother, 2 Children Found Dead Today In Pittsburgh Home

Pittsburgh, June 19 (AP)—The discovery of the bodies of a University of Pittsburgh instructor's wife and two small children in their east end home led to conflicting theories today by authorities regarding their deaths.

Martin J. Feely, the husband and assistant professor of physical education at Pitt, was away at summer camp for undernourished children in Pottersville, New Jersey.

The children, Robert 5, and Janice, 3, had been stabbed in the head and strangled. Mrs. Eleanor Feely, the 30-year-old mother, had been stabbed in the heart, apparently after a rope was tightly drawn around her neck.

Police Lieut. George Schmotzer said he believed the mother killed her children and herself. But investigator John Arts and Chief Deputy Coroner James L. Davidson said they are following a triple murder theory.

Charles F. Young, owner of the spacious colonial home and occupant of the second floor, discovered the bodies about 11:30 o'clock last night. His wife said she last had seen Mrs. Feely about 1 a. m. Thursday.

The Youngs said the Feelys appeared to have been an unusually happy couple throughout their four years' stay in the house. They understood the mother and children were planning to join the father in New Jersey next week.

Belelie Mrs. Feely's body was an ice pick and a butcher knife. The rope around both her neck and a radiator pipe had a pipe wrench twisted in it, as a garrote.

Police said they found a recent letter addressed to Mrs. Feely by her husband, headed "Dear Sweetheart." Inquiring about the children, and signed "Sweetie, Marlie."

Inquiring for a possible motive for suicide, police questioned Grace Staneberg, who nursed Robert for three weeks recently while he was ill of scarlet fever. They quoted her as saying Mrs. Feely had appeared "nervous" but had given no indication she contemplated ending her life.

A coroner's physician said the three apparently had been dead from four to 12 hours when they were discovered.

### Reduced Telephone Rates to Be Asked

New York, June 19 (AP)—Reductions in rates charged by the New York Telephone Company are to be recommended by the Public Service Commission, according to Neal Brewster, a member of the commission.

Announcing the close of rate hearings which have been in progress since May, 1934, Brewster said the commission, after yesterday analyzing the testimony, "believe that no inference will be done to either the company or subscribers by making an immediate rate reduction."

Brewster said special charges of the company, such as wire differentials, would receive first consideration.

Preventing the closing of the Broadway Telephone Company in a statement said the commission "had no valid or legal right to close the company and issue an order reducing the company's present revenues before the public on all factors involved in fixing rates had been submitted and considered."

Paris, June 19 (AP)—The French cabinet agreed today to "accept" cancellation of sanctions against Italy dependent upon "any decision adopted by the League of Nations." The cabinet decision was announced in an official communiqué which said: "The government, faithful to the principle of collective action, will associate itself with any decision adopted by the League of Nations."

"Informed of the present situation of the sanctions question, it felt consideration of facts led it to accept their lifting."

Instructions were sent to French diplomats in other countries for the information of the governments.

The cabinet's actions, it was reported, was taken as a result of Great Britain's decision to support a recommendation to suspend existing economic and financial penalties against the Fascist nation.

Official sources did not disclose whether the sanctions were immediately abolished or whether their cancellation was subject to a vote of League members at Geneva.

The ministers, however, gave their private impressions sanctions were ended as far as France was concerned.

Storm of Protest.  
London, June 19 (AP)—Embittered sanctionists sought today to loose a storm of public protest against the government's decision to back suspension of Italian sanctions.

Four labor leaders, who called the cabinet's recommendation "the great betrayal" of the League of Nations, led a movement for a nation-wide series of campaign meetings.

Their plan of opposition, pointing toward a parliamentary censure debate Tuesday, followed the same lines as the public storm created against the stillborn Hoare-Laval proposal to end the Italo-Ethiopian War.

They took their cues from the fiery David Lloyd George, wartime prime minister, who led the attack against Baldwin and his ministers yesterday with the ringing pronouncement: "There they sit—the cowards!" as he pointed scornfully at the ministerial benches.

Already national labor and national liberal members were threatening to break away from the government over the sanctions issue. Their warnings handed to their respective leaders—Ramsay MacDonald, Sir John Simon—the delicate task of attempting to rally supporters to a united front before Tuesday.

A further defection came with announcement from a group of Sanctionist Conservatives, ordinarily favoring the government's policies, they had not been converted by the speech of Anthony Eden, foreign secretary who disclosed the cabinet decision on the sanction question.

London newspapers, formerly lyrical in praise of "brilliant young Eden," showed a marked change in tone.

"Hoare had the decency to resign," the Mirror commented bluntly. "Yet Eden does not resign. He gets up and talks pious platitudes."

Berlin Praises Speech.

Berlin, June 19 (AP)—The speech of Prime Minister Baldwin of Great Britain, including Germany in Great Britain's calculations for stabilizing European peace, evoked satisfaction in the Wilhelm-Strasse today.

(Baldwin told the house of commons yesterday: "I regard it as of first importance that Germany, France, and ourselves should work for peace throughout all Europe side by side.")

A foreign office spokesman said: "Hitherto there has been talk only of Franco-British efforts. The inclusion of Germany is a decided step forward. Mr. Baldwin merely said what we have been contending all through."

Treasury Receipts.

Washington, June 19 (AP)—The position of the treasury June 17: Receipts, \$139,347,390.64; expenditures, \$142,065,137.64; net balance, \$2,547,892,253.32. Customs receipts for the month, \$18,530,369.61. Receipts for the fiscal year (since July 1), \$3,331,422,554.53; expenditures, \$3,358,520,621.61, including \$3,154,148,502.72 of emergency expenditures. Excess of expenditures, \$4,557,497,979.78; gross debt, \$34,427,513,753.36, an increase of \$31,871,539.25 over the previous day. Gold stocks, \$10,343,122,124.26.

Two Burned to Death.

Boston, June 19 (AP)—A father and his five year old daughter burned to death in a fire which swept a three tenement house here today and a two year old son died later of burns in a relief hospital. Oliver Chandler, 26, after carrying his son Roger from the building, rushed back in a vain effort to rescue his daughter, Emily, 5. Both were trapped in the building, a brick structure, Rogers died at Haymarket Relief Hospital. Another daughter, Phyllis, 9, was rescued.

## 4 Killed, Millions Lost Philadelphia Extends In Severe Electrical Storm Thursday

Numerous Barns, Farm Buildings and Livestock are Destroyed; Early Peas and Cherries Suffered from Hail Storm.

### WPA MAN KILLED

WPA Worker Killed in Bronx; Pacific and Southeast Get Rain, But West is Parched.

By The Associated Press  
Severe electrical storms sweeping across New York state caused four deaths and thousands of dollars of property damage but were hailed by farmers today as generally beneficial to crops.

Lightning destroyed numerous barns, farm buildings, and livestock. Heavy rains flooded streets and cellars in many communities. Electric power service was disrupted temporarily at several towns.

A landslide at East Hill, near Danville, blocked the main line west-bound track of the Lackawanna railroad for several hours. A washout at Fishers halted service on the Auburn branch of the New York Central railroad.

Caught in the storm while fishing on Lake Erie, Edward Fisher, 31; Walter Ruda, 37, and William Zanira, 35, of Buffalo, were drowned. Ruda, a war veteran, bought the boat with his bonus money.

Victory Pierson, 48, a WPA worker, was killed by lightning while working at Fort Schuyler, in the Bronx.

In the Rochester area, the storm caused damage to crops and property estimated at \$200,000.

Early peas and cherries suffered extensive damage from hail. Near Batavia three barns burned with a loss of \$6,000 when lightning hit one.

At North Evans near Buffalo, a grain mill, coal shed and warehouse burned after they were struck by lightning, at an estimated loss of \$10,000.

The rain brought under control a forest fire near Taughannock Falls State Park that had burned over 15 acres.

The Pacific northwest and the drought-suffering southeastern states were relieved by rain today but the showers dodged a domain of heat over the middle plains.

New records for high June temperatures were marked up in scattered hot spots of the central states, where the mercury rose past the 100-degree level at a mid-summer clip.

Farmers turned more seriously to the problems of drought and grasshoppers, and some officials pressed for government aid.

Said Gov. Thomas Berry of South Dakota, after hearing drought reports: "Throughout a large portion of the state, people are going to need more help from the federal government this summer and winter than ever before."

In Kansas, where the mercury reached a top of 110 degrees, poison work against grasshoppers has been started in several counties.

The weather bureau expected a continuation of showers in New England and along the middle Atlantic coast. Thunderstorms cooled dry regions of Georgia and the Carolinas.

ELEANOR ROOSEVELT FOR VICE PRESIDENT SUGGESTED.

New York, June 19 (AP)—Miss Lillian D. Rock, president of the "League for Women for President and Other Public Offices" said today that "it would be a great idea" to nominate Mrs. Franklin D. Roosevelt as President Roosevelt's running-mate.

The league will open convention headquarters in Philadelphia, in an endeavor to name a woman for vice president at the Democratic convention.

Miss Rock said that Alice Roosevelt Longworth would have been nominated for the vice presidency at Cleveland "if the women had become conscious of the idea a little sooner."

Permitting for Trotsky  
Oslo, Norway, June 19 (AP)—Leon Trotsky, exiled communist leader, received permission today from the Norwegian government to remain in the country for another two months.

Just A Year Ago Today...  
(Taken from the files of The Freeman).

William F. Capen of Albany, recognized city charter authority, praised proposed new Kingston charter in address before local Kiwanis and Rotary Clubs.

Leon Trotsky, Russian radical, goes to Norway a sick man with tuberculosis.

Lawrence F. Bannum, well-known Kingston business man, died this morning at his home.

Temperature: Lowest 55, highest 64.

Speculation Over Party's Platform Becomes Intensified with Leaders Closed in Washington Over Controversial Issues.

### CAMPAIGN HINT

Landon Gives Hint of Kind of Argument Likely; Coughlin Expects Announcement of Name.

Philadelphia, June 19 (AP)—Flag-draped Philadelphia extended the hand of welcome to the advance guard of Democrats today while speculation over the platform to be adopted by the party's national convention next week intensified.

Leaders of the New Deal were closed in Washington, drawing up suggested statements of policy on such controversial issues as farm aid, money and relief.

There was no authoritative indication as to the plank to be submitted on some of these issues, but word from the capital said Secretary Wallace may seek to have the convention's resolutions committee approve a farm plank embracing four features.

The plank would endorse the present AAA soil conservation program with subsidy payments to farmers.

The principle of crop production control within constitutional limits. The present reciprocal trade agreement policy.

Some plan for commodity loans to farmers.

It was indicated that aid to co-operative associations also would be suggested.

Delegates to the convention, which opens Tuesday, began arriving as early as yesterday. Part of the Illinois delegation arrived, as well as some New Yorkers, proclaiming that the Empire State, despite any rumors of defection, would cast its ballots in a bloc for the renomination of President Roosevelt.

Vice President Garner was expected to head a number of notables arriving today.

Possible Campaign Point

Washington, June 19 (AP)—A statement by Governor Alf M. Landon that "forces alien to our American form of government seek to destroy our country" gave a possible indication today of one campaign argument to be used by the Landon forces.

Observers here noted that, in a telegram congratulating Mrs. Eleanor Gridley, Chicago school teacher, on her 90th birthday the Republican presidential nominee said:

"In this greatest crisis since the Civil War, when forces alien to our American form of government seek to destroy our country, I am happy for the opportunity to acknowledge through you our debt to the men and women teachers who today are unselfishly striving to keep alive the spirit of real Americanism among our children."

While Republican National Chairman John D. M. Hamilton was in New York making new claims of a big victory in November, National Treasurer Charles B. Goodspeed busied himself in Chicago on a forthright campaign drive to raise a \$3,000,000 campaign fund. The party will sell 21 certificates—"shares" in campaign "stock."

Knox in Chicago

Welcomed back home to Chicago, Landon's running mate, Colonel Frank Knox, described the governor's nomination as the result of a real "grass roots" movement and said he was a man of the people.

The future attitude of Senator Borah of Idaho toward the Republican ticket was a subject of renewed speculation in view of a letter he sent to R. P. Parry, Republican state chairman of Idaho.

Borah said he was willing to seek the senatorial nomination but he reserved the right to "exercise full freedom of views and of discussion" on national issues and candidates.

Borah indicated he wrote his letter to make his position clear so that Idaho party leaders could agree on some other senatorial candidate if they wished.

So far Borah, who was a candidate for the presidential nomination, has withheld any announcement as to whether he would support the Landon ticket. It is indicated that he will wait to see how the issues shape up before choosing a course.

In his letter the senator again opposed any move toward return to the gold standard. Landon has come out on the other hand, for a currency convertible into gold when economic conditions permit.

Fight For Planks

Senator Bone (D-Wash.), a member of the senate munitions committee, announced today he would fight to have the Democratic platform include planks advocating nationalization of warship building and some arms manufacture and the enactment of permanent neutrality legislation.

He declared his action had the approval of Chairman Nye (R-ND) and Senator Clark (D-Mo.).

His munitions plank, tentatively worded, would call for "such nationalization as will give the government a monopoly in fabricating war munitions and instruments used in war."

## Local National Banks Mail Letters Announcing Plan For Their Service Charge

Talmadge to Attend Convention If He "Can Be of Service" to Party

Associated Press Photo  
GOV. EUGENE TALMADGE

Atlanta, Ga., June 29 (AP)—Governor Eugene Talmadge, whose pledge of support to party nominees drew Democratic attention this week, said today he would attend the Philadelphia National Convention if he could "be of service."

Bitter opponent of New Deal policies, the red-suspended governor told the state Democratic executive committee Tuesday "my fight has been within the party and it is there to stay."

### Rev. J. Christian Port Will Be Honored at Redeemer Lutheran

In recognition of the entrance of her first son into the ministry, the Lutheran Church of the Redeemer will hold a special service on Sunday morning, June 21. The time of service will be 10:30 o'clock instead of the usual hour, 10:45 o'clock.

The young man to be honored is J. Christian Port, who has received and accepted a call to Christ Church, Germantown. The service will be featured by the presentation of a gift, which Mr. Port can use throughout his entire ministry and thereby be constantly reminded of the church in which he grew.

There will be two brief addresses; the one, "The Fostering Congregation to Her First Son" and the other, "The First Son to His Fostering Congregation." The former will be preached by the Rev. Russell S. Gaenzle, pastor of the church; the latter by J. Christian Port.

Mr. Port is a native of Kingston and is the son of Mr. and Mrs. Jacob Port, 101 Home street. He received his early education in the schools of Kingston. He was graduated from Muhlenberg College, Allentown, Penn., in 1930, with the Bachelor of Arts degree; from Mt. Airy Seminary and University of Pennsylvania, in 1933, with the Master of Arts degree. He has also attended Yeshiva Divinity School, New Paltz, Teachers' College, and Albany State Teachers' College. One week ago he was received by the rite of ordination into the gospel ministry of the Lutheran Church during the synodical convention in Albany.

Mr. Port expects to assume charge of his new pastorate on the same day he is to be honored by his home congregation.

### Scientific Secrets Held by Instruments

Moscow, June 19 (AP)—Instruments of scientists held secrets of the sun today after a brief eclipse which threw a shadow from the Mediterranean to the Sea of Japan.

Racing across the Soviet Union at 2,600 miles an hour, the phenomenon elaborated the sun long enough at various points in the 50-mile wide visibility zone to allow many expeditions to make observations.

Some took pictures, others made spectrographic studies, radio tests occupied still others and members of several expeditions sought new evidence in support of the Einstein theory.

The majority of the 40 expeditions in the field were favored with good visibility but others saw effort and expense in vain by rain and clouds.

The party at Kurilsk, sponsored by Georgetown University and the National Geographic Society, was prevented from carrying out its plans by inclement weather.

Other expeditions at Al-Bulay, sponsored by Harvard University, Massachusetts Institute of Technology and the Soviet government, made complete around observations supplemented by further research from above the clouds.

Charge on Checking Accounts If They are Active and Not Earning Enough Interest To Pay For Themselves.

### COMPLETE LETTER

The National Ulster County Bank Has Issued a Complete Letter Explaining the Entire Plan.

Based on the announcement, "In carrying a checking account you are buying checking service from the bank." National banks of this city today announced a service charge on checking accounts if the accounts are active and are not earning enough interest to pay for themselves. The letters differ from the individual banks, in some cases it was simply stated that customers are invited to come to the bank and learn about the matter.

The National Ulster County Bank has issued a complete letter explaining the entire plan so that it may be easily understood. The bank says, "When the balance in any month, is not enough to pay for carrying the account a charge will be made for the difference. Under this plan small accounts are not subject to minimum or fixed charges, but are analyzed individually, the same as larger accounts, and no charge will be made if no checks are drawn, cashed or deposited."

The complete letter of the National Ulster County Bank follows: To Our Depositors:

Because some customers issue many more checks than others, in proportion to the size of their accounts, we are adopting the plan of measuring the amount of checking service performed on each account—the Measured Service Charge.

This plan places all checking accounts, both large and small, on the same basis and is being adopted by banks generally, because it is the only method that is fair to depositors and fair to the bank.

The checking service used by each depositor, and the earnings on his account, will be measured. If the balance carried is enough, the bank can earn interest on it to pay for the checking service used and no charge will be necessary. When the balance, in any month, is not enough to pay for carrying the account a charge will be made for the difference.

Each customer, or the earnings on his account, will then be paying for the amount of checking service he uses.

Under this plan, small accounts are not subject to minimum or fixed charges, but are analyzed individually, the same as larger accounts, and no charge will be made if no checks are drawn, cashed or deposited.

We appreciate your account, whether large or small, and feel sure that you will be favorably impressed by the fairness of this plan. If there is anything about it that you do not understand we shall be glad to tell you more about it the next time you come into the bank.

Very truly yours,

CHARLES SNYDER  
Cashier

### The Explanation

On the second page of the letter and continuing through the third page is an explanation of the reason for the plan in detail.

Sound business policies insure sound banking.

In carrying a checking account you are "buying" checking service from the bank.

The bank buys and sells checking service the same as mercantile institutions buy and sell merchandise. Every depositor is a purchaser of some kind of banking service. Sometimes the bank merely safeguards the funds of its customers—sometimes it performs various other services as well.

In the Commercial Department, with the aid of an intricate network of exchange and collection facilities reaching to all parts of the world, the bank provides checking service and deposits with checking accounts "buy" this service.

The Service on Your Account  
You may receive a check representing money due you—the check is not cash but is only an order that must be collected. Instead of collecting the money yourself, you deposit the check and the bank collects it for you.

It cares for the funds until you want them and then pays them out on your order. The bank provides blank checks, deposit tickets and the supplies required to record your deposits and withdrawals, as well as a trained organization and costly equipment.

Banks in every city are ready, at need, to do their part in handling your checking transactions, as a part of the service of this institution.

The checks you draw may be "cashed" or deposited anywhere but the bank transfers the

## Services at Lyonsville and Krumville

The Rev. J. B. Steketee will conduct services Sunday at the Lyonsville and Krumville Churches. He will take as his topic, "The Value of the Church to the Community." The Krumville service will be at 11 a. m.; Lyonsville at 3:15 p. m.

## 30 Rebels Surrender

Durango, Mexico, June 19 (AP).—Surrender of 30 rebels in Canadian was announced today by military headquarters. The men were reported to be followers of Francisco Garcia, rebel leader who is being pursued by federal troops.

Kingston Lions Club  
Receives Charter

The official presentation of the Lions International Charter to the newly organized Kingston Lions Club was made last evening at the Charter Night dinner-dance held at the Governor Clinton Hotel. Herbert Dye, district governor for New York state, of Niagara Falls, made the presentation of the charter to President Delmer Kelly of the Kingston club.

John Schwenk, alderman-at-large, represented Mayor Heiselman at the ceremonies, and warmly welcomed the Lions Club to Kingston. Mr. Schwenk stated that he firmly believed that there was room for another service club in the city of Kingston and that a great service to the community may be performed through the functioning of the Lions.

Robert Jamieson, deputy district governor, called the meeting to order and after the singing of America and the invocation, which was given by Lion W. Frank Reber, turned the meeting over to Ed Gibson, zone director for Lions Club in this territory. Mr. Gibson enjoys the privilege of belonging to both the Newburgh and the Cornwall-on-Hudson Lions Club.

In making the presentation of the charter to President Kelly, Governor Dye stressed the ideals of the Lions International, the need for living up to the constitution and by laws, and the importance of having every member take an active part in supporting the president. Governor Dye advised President Kelly of the signal honor which was done him in electing him as the first president of the Kingston club. He recalled the day when he himself was made the first president of a Lions Club seventeen years ago and stated that the honor and privilege of being a first president is the greatest honor that can be bestowed upon any business man.

In accepting the charter President Kelly assured Governor Dye and the visiting Lions officials of his belief in the members and made the fact known that he was proud, indeed, of the honor bestowed upon him as first president. President Kelly called on all of the members of the Kingston club to support him throughout the first year of organization here. More than 60 Lions and their

wives from other New York clubs were present last evening. Some of the visitors included Past President Harry Whitcomb of the Troy club, Matt Arnow of the New Rochelle club, Tracey Rockefeller, past president of the Germantown Club, John E. Harrison, past president of the Poughkeepsie club and main spring in the organization of the Kingston club. There was a delegation from Troy, Albany, Poughkeepsie, Germantown, Newburgh, New Rochelle and Saugerties, besides the visiting officials. In addition there were a number of guests.

There was dancing to the tunes of Roger Baer's orchestra after the meeting.

Reduced fares, as well as air-conditioned and streamlined passenger trains, are now making a strong appeal to the traveling public.

## PORT EWEN

Port Ewen, June 19.—Those who have flowers to help decorate the Reformed Church for Children's Day, Sunday, are requested to bring them to the church Saturday at 4 p. m. or Sunday morning by ten o'clock.

The regular meeting of Hope Lodge No. 65, E. of P. will be held this evening.

Mr. and Mrs. Ward have moved from Port Jervis into the lower flat

of Mrs. Lillian Smith's house on Salem street.

Members of the Methodist Episcopal Church congregation who attend the Reformed Church Children's Day exercises Sunday morning, are asked

to please put their envelopes on the collection plate in that church. If they do not attend church they are asked to please hand their envelopes to Henry Deane, Sr., or to Raymond Howe.

Commencement exercises of School 13 will be held in Pythian Hall at eight o'clock this evening. The Ever Ready Club will be entertained at the home of Miss Mary F. Bishop Monday evening, June 22.

## Events Around The Empire State

Lockport, N. Y., June 19 (AP)—The first cherries of the year will be harvested in the next week or two, the county farm bureau said today, and bring higher prices than last year.

Niagara county's crop appears to be one-half to three-fourths of normal. The bureau said this yield would exceed that expected in Wayne county, the leading cherry producer of the state.

Buffalo, N. Y., June 19 (AP)—The death of two men in railroad accidents last night was investigated by county and New York Central railroad officials today. Samuel Cicero, 27, of this city was killed when struck by a central passenger train at a street crossing here, and Arthur D. Rowe, 37, of Fayetteville, a brakeman, was crushed to death between two freight cars in the International Harvester Company yards at Auburn.

Rochester, N. Y., June 19 (AP)—Four golfers and four caddies were knocked down on a course here when lightning struck nearby during a thunderstorm. They were shaken up but uninjured. Thomas Gordon, of Brockport, also was affected by lightning on the links yesterday but escaped injury. He said he felt a slight blow on his head and thought a golf ball had hit him.

Bolton Landing, N. Y., June 19 (AP)—Bankers hailed registration today for the 43rd annual convention of the New York State Bankers' Association beginning tomorrow as a sign of better times.

Reservations indicate 600 or 700 bankers from all parts of the state will attend, breaking all records since 1928.

And three of the four principal speakers won't be bankers.

Albany, N. Y., June 19 (AP)—School may be over for three months for John and Jane, but that doesn't mean the school house is going to be deserted.

Workmen will do \$4,000,000 worth of construction and repairs, according to a survey conducted by the State Department of Education bulletin.

Albany, N. Y., June 19 (AP)—Charles L. Mosher, director of the State Education Department Attendance Division said today that schools closed by the floods of last March will not be required to make up time lost to receive full state aid for the year. The State Education Law provides for a school year of 190 days.

## France on Guard Against Revolts in Fidgety Colonies

The Pan-Arab movement, which has grown since the outbreaks in Palestine, has put France on the alert throughout her Mediterranean possessions, in Syria, Lebanon, Tunis and Morocco. A detachment of the Foreign Legion, traditional shock troops of the desert, is shown encamped, their rifles stacked and chained together to prevent theft.

By CHARLES FALTZ

Paris (AP)—France is sitting tight on her Mediterranean empire, ready to move into action at the first sign of revolt.

The Italian-Ethiopian war, unrest in Egypt and anti-Jewish riots in Palestine have added to France's own burden of nationalist disorders in Syria, the pan-Arab movement and a growing independence movement in Tunis.

Syria, cradle of unrest since the days of the Ottoman empire, has been temporarily quieted by promises of a constitution and eventual independence. How long it will re-

main quiet is one of the main worries of colonial officials in Paris.

Pan-Arab Spirit A Threat.

The Pan-Arab movement, nourished in the deserts of Arabia under the aegis of Ibn Saud, holds a direct threat for France in the ambition of Arabian patriots to include Syria and the Lebanese republic, both French mandates, in their empire.

Colonial officials, their ears tuned to the rumblings of discontent, noted that nationalist Syrians took an active part in the Arab anti-Jewish campaigns in Palestine by refusing to send supplies to Jewish colonists in the British mandate.

Bands of nationalists, including Maronite Christians, Arabs, Lebanese and Syrians, patrolled the roads

leading into Palestine and destroyed truckloads of provisions destined for Jewish markets.

Shiaks Want Citizenship. In North Africa the "Arab problem" is most delicate in Algeria where high-born Arabs chafe under the ruling that they may not become French citizens because they practice polygamy while the Algerian Jews, on whom they look down, can and do hold the rights and privileges of French citizenship.

Morocco, colonial officials said, has been little affected by the Pan-Arab movement, chiefly because the country ostensibly is an absolute monarchy with Sultan Sidi Mohammed as ruler and commander of the Moslem faith.

Moroccans pride themselves in the administrative power left in their hands and only recently exercised it by bringing about the re-

moval of the resident general, Henri Ponsot, who had the misfortune to hold his post during the depression years.

"Destours" Agitate Tunis. Marcel Peyrou, who succeeded Ponsot in Morocco, had been the resident general in Tunis where his main job was keeping an eye on the activities of the "Destours," an organization of young Tunisians bent on securing independence for their country, with or without the pro-French ruling Sultan, Sidi Ahmed Bey.

So far the "Destours" movement has been limited to organization work with orderly demonstrations against unpopular French-inspired legislation, but colonial officials fear the leaders will become more rebellious as the movement gains in membership.

NAZI SPADE CORPS COSTLY BUT CHIEFS SEE RECOMPENSE

Berlin, (AP)—The Nazi labor service cost German taxpayers close to \$80,000,000 last year but party officials say that land reclaimed and improvements made by the spade corps will largely make up for expenditure.

There were 162,370 men in the service. All 18 young Germans are compelled to spend six months in the spade corps before serving a year in the army.

One-fourth of the cost went for food and keep, another fourth for clothing and the last half for utensils, administration and leader schools.

Compulsory labor service for girls has been postponed. The voluntary service for 1936 has been fixed at

10,000 girls, 40 in each camp. The Nazis aim at teaching leaders this year and making the service obligatory in 1937.

The girls help farmers with harvests, do first aid and kindergarten work.

A company named Australian Animated Cartoons has been formed and a studio established to make cartoon features and advertising films in Sydney.

## Ford's Farms In England Pay Minimum Wage

Boreham, England (AP)—As high as \$6 a day is being earned by farm workers operating a co-operative agricultural experiment here on about 2,000 acres of Essex land.

The experiment, called "Fordson Co-operators," was launched two years ago by backers including Henry Ford, American motorcar magnate, and Sir Percival Parry, chairman of Ford's British company, to show that there is scope on the land both for more men and higher income.

**World's Best Paid Farmers**

Workers are formed into three co-operative societies, each running a farm. Seventy-three permanently employed men rent and work the land through the societies.

Sir Percival Parry, who was director of food production for the British government during the war, has stated that the men probably are the highest paid agricultural workers in the world.

Two societies, working 1,239 acres, Sir Percival said, made a profit of more than \$14,000 last year, the average income of many of the men being above \$1,000, or about \$20 a week. The highest wage averaged \$32.50 a week.

**Paid Despite Crop Failure**

These figures compare with the legal minimum wage in the district of \$7.75 a week.

The third farm, however, operated at a loss, thought due to a severe spring frost, but the men nevertheless were paid the society's standard rate, 25 per cent above the district minimum.

Sir Percival thinks the experiment shows the value of new methods, and is an important development in British agriculture. The farmers concentrate on growing food while the selling and organization work is left to experts in those fields. The scheme is being studied by officials concerned with Britain's unemployment and farm problems.

### LEATHER MEAL

#### OK'd BY COURT

Drohiczyn, Poland (AP)—By eating a leather shoe sole, Andrew Szatkowski established a reputation of possessing an ostrich-like digestion and earned 100 zloty (\$18).

Szatkowski boasted to a shoemaker, that his teeth could demolish anything, even leather.

"I'll give you 100 zloty if you eat a shoe sole," said the incredulous shoemaker.

But when Szatkowski devoured the tough morsel, the shoemaker refused to fulfill his part of the bargain, because, he said, he thought it was all just a trick. The local judge, however, held that a proper contractual obligation had been incurred, and Szatkowski got his money.

### China Counts Unemployed

Canton, China (AP)—According to government statistics, there are 2,565,813 men and women without work in fourteen leading cities of China. Canton heads the list with 630,230. Shanghai has 610,710, Peking 500,935 and Nanking 161,476.

## Mexico's Road Builders Linking Capital City to the Texas Border

A trunk highway, running 760 miles from Laredo, Tex., to Mexico City, is to be formally opened by officials of the two countries on July 1. It took nine years to conquer the mountainous region which the road traverses. This sweeping view shows an automobile (left center) on a curving stretch through the hills near the Mexican capital.

By J. M. McKNIGHT

Mexico City (AP)—Though the new Mexico City-Laredo highway has yet to be inaugurated, Mexico's determined road-builders already are turning their eyes northwest to Nogales and southeast to Suchiate.

A trunk highway to connect the capital with the states of Sonora and Chiapas and provide another major link in the proposed Pan-American highway down through the Americas, is next on the program for the department of communications and public works.

That spectacular piece of engineering—the \$17,000,000, 760-mile Mexico City-Laredo highway which climbs 8,035 feet into the fog-shrouded peaks of the Sierra Madre—will be formally dedicated July 1.

President Lazaro Cardenas, high government officials and members of the diplomatic corps are expected to drive over the highway to Nuevo Laredo, there probably to meet United States officials.

Third of Route Ready

After that the communications and public works department, which spent about \$3,150,000 on 1,245 miles of Mexican roads in 1935, expects to get busy on the second trunk highway.

Completion of the Laredo highway means that nearly a third of the proposed 12,000-mile Pan-American route, from Canada to Argentina, is ready for automobile travel in all weather.

Canadian and American sections of the route, totalling some 2,750 miles, have been open for some time. Mexico has done about 920 miles of her stint of 1,625. Hence motorists today can follow modern roads southward from Canada for 3,670 miles.

Many engineering lessons were learned in the nine years it took to build the Laredo unit. Bucking almost straight up-and-down grades, bridging deep gorges, fighting, sliding rock and conquering all the other obstacles Mexico's heaving mountain presented, Luis Cuevas, 30-year-old chief of the department's section of roads and highways, sometimes had to resort to odd methods to get the job done.

Airplanes surveyed terrain where usual instruments were useless; men were slung by ropes over the sides of mountains to peek at steep slopes; Indian laborers who quit their jobs when they had enough money for the moment's needs, were cajoled back.

Had to Build 170 Bridges

In all, 170 bridges, costing \$1,660,000, had to be built. Some were cantilever, others suspension bridges, slung perilously over yawning ravines.

Earth removed total 6,679,300 cubic yards; loose rock 3,347,200, and solid rock, blasted out, 3,851,300.

For the base of the highway 1,610,000 cubic yards of material were needed; 369,500 cubic yards of paving material and 10,707,000 gallons of asphalt were put down; 157,800 cubic yards of masonry went into culverts and retaining walls and 110,000 lineal feet of culvert pipe were used.

In the mountains of Hidalgo, where the road climbs 7,200 feet in 75 miles, the cost in some stretches reached \$83,000 a mile.

Despite the fact the road crosses the continental divide, the steepest grade is only 6 per cent.

Bolivia Developing Wheat Land La Paz (AP)—Hoping to make its pampa in the Chagaya region near the Argentine frontier a wheat center which can supply Bolivia's needs,

the government is planning to send 30 Czech farming families to the district. Irrigation will be necessary but engineers report only 10 miles of ditches need be constructed.

The youngest government statistician in the world, Dr. Ronald Williams, has been appointed to that position for the Australian Federal Government.

# GET A "3 JOB" GASOLINE

at a "1 job" price (THE PRICE OF ORDINARY GASOLINE)

## DRIVES

**JOB 1 • YOU PAY FOR THIS**

## OILS

**JOB 2 • NO CHARGE FOR THIS**

## CLEANS

**JOB 3 • NO CHARGE FOR THIS**

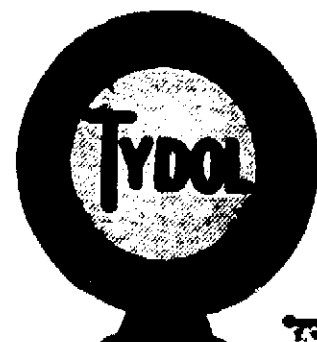

ORDINARY gasoline simply drives your motor... then calls it a day! But Triple-Action Tydol not only drives your motor, but it oils the top-cylinders and it cleans out carbon! And it does "all three" jobs at the price you now pay for regular gasoline.

Into every gallon of Tydol is blended both a top-cylinder oil and a carbon-solvent. Working together, they oil and clean upper motor parts, speed

up valve action, keep down carbon, and prevent rust and corrosion.

Every mile you drive with Triple-Action Tydol is a saving mile. You get all its extras at no extra cost, and those extras bring you smoother power, longer mileage, and a new freedom from motor wear and tear. Save with Triple-Action Tydol... the "3 job" gasoline at the "1 job" price.

A PRODUCT OF THE TYDOL OIL COMPANY

# Triple-Action TYDOL Gasoline

## At The Theatres

Today

Broadway: "The Moon's Our Home. The life of those who suffer with artistic temperament is well brought out in the comedy drama on the Broadway screen, a neat little film about a famous movie star and a world famous author. Both detect the other without exactly knowing why and although they have never met, the thought of one by the other nearly causes a mild tornado. The trouble is that each envies the other's popularity. And then strangely enough, the two are brought together without knowing the identity of the other. They fall in love, have a whirlwind courtship and marry. It isn't until then that each discovers who the other happens to be. The plot sounds rather tangled up but it really is a simple thing, well played by Margaret Sullivan and Henry Fonda and the two stars are given valuable assistance by Charles Butterworth, Margaret Hamilton, Lucien Littlefield and Beulah Bondi. A modern, fast paced story of today that offers some swell dialogue and many moments of laughter.

Kingston: "Midsummer Night's Dream." With the most ardent thumping of the ballyhoo drums in years, William Shakespeare's drama of the Duke of Athens who brings his bride-to-be to his home shores where a royal wedding is planned in honor of the event, comes to the Kingston Theatre for a two-day stand with all seats reserved for the great occasion. A drama of myth and magic, wherein mortals mingle with the spirit world as everybody prepares for the great wedding of the Duke, the show is a fantasy of strange delights and marvelous effects under the guiding genius of Max Reinhardt. A Warner Brothers production, the play naturally has company players filling the varied roles which is unfortunate in several instances. Those in the cast are Joe E. Brown as Flute, Dick Powell as Lysander, Ross Alexander as Demetrius, Ian Hunter as the Duke of Athens, Jean Muir as Helena, James Cagney as Bottom and Verree Teasdale, Olivia De Havilland, Hugh Herbert, Frank McHugh, Victor Jory and Anita Louise. The entire cast numbers thousands. The musical score is beautiful, the entire production startling and different. A high toned dramatic fantasy that will never quite click with the masses despite its powerful ballyhoo. One of the finest performances in the play is given by little Mickey Rooney in the role of Puck.

Orpheum: "Gentle Julia" and "Frontier Justice." Booth Tarkenton's appealing story of childhood and especially of a little demon of a girl who looks for trouble and finds it is the best of the double features at the Orpheum. With Jane Withers in the starring role and surrounded by a fine cast of adult and child players, Miss Withers gets in and out of jams with reckless ability and the laughs are frequent and long. Tom Brown and Jackie Seale are in the cast. "Frontier Justice" is the other attraction, a Hoot Gibson western thriller with Hoot hooting it up all over the place to rescue the girl and brush aside the enemy.

Tomorrow

Broadway: "The King Steps Out." The marvelous recording voice of Grace Moore thrills again on the Broadway screen, this time in the role of a country girl who wins an emperor following a bit of intrigue and romance. A costume picture, the story tells of a handsome young ruler who is being forced into an unhappy marriage. He meets a strange girl, falls in love with her, never realizing she is the sister of the girl he is betrothed to marry. Miss Moore sings beautifully and the music is by Kreisler, the direction by Josef Von Sternberg. In support of Miss Moore are Franchot Tone, Walter Connolly, Raymond Walburn, Herman Hing, Victor Jory, Elizabeth Risdon and Frieda Inescort. The ballets were arranged by Albertina Rasch and the photography was handled by Lucien Ballard. Some of Miss Moore's songs include "Stars in My Eyes," "Madly in Love," "The End Begins" and "Learn How to Love." Miss Moore remains the top among the romantic singing stars now laboring before the cameras.

Kingston: "Special Investigator" and "Dracula's Daughter." Lawyer, gangster's mouthpiece, fighter and secret operative for the government in Nevada is the scope of Richard Dix's activities in the best of the none too potent features at the Kingston. Mr. Dix is a powerful legal aid to gangsters when the show opens but when his G-Man brother is killed by mobsters, Dix gives up his rich clientele and goes after gangsters in a big way. His supporting cast offers Margaret Callahan, Erik Rhodes, Owen Davis, Jr., J. Carroll Nash, Jed Prouty and Sheila Terry. "Dracula's Daughter" brings the kin of the famous vampire into the limelight with the same urgings of her father. Weird, unreal and sometimes silly, the show is Universal's latest study in screen terrorism. Otto Kruger and Gloria Holden head the frightened cast of players.

## DEATH OF 84 PERSONS REPORTED IN PALESTINE

London, June 19 (AP).—William G. A. Ormsby-Gore, colonial secretary, told the House of Commons today 84 persons had been killed in recent disorders in Palestine. He tabulated the casualties as: Mohammedans—42 killed; 109 seriously injured; 275 slightly injured. Jews—38 killed; 65 seriously injured; 84 slightly injured. Christians—4 killed; 24 seriously injured; 54 slightly injured.

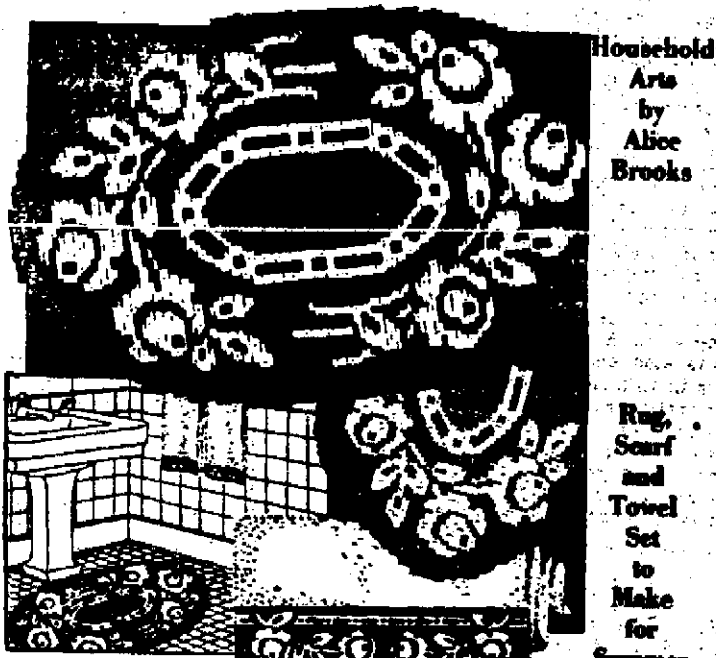

Einstein's Summer Residence Saranac Lake, N. Y., June 19 (AP).—Prof. Albert Einstein will vacation in a ten room house overlooking Saranac Lake, Herbert R. Leggett, real estate dealer, said today. Leggett said he had closed a deal with the noted scientist for the home of William G. Distin, Saranac Lake architect. It is of English architecture and is surrounded by dense woods. Einstein is expected "around July 1."

## MODES OF THE MOMENT

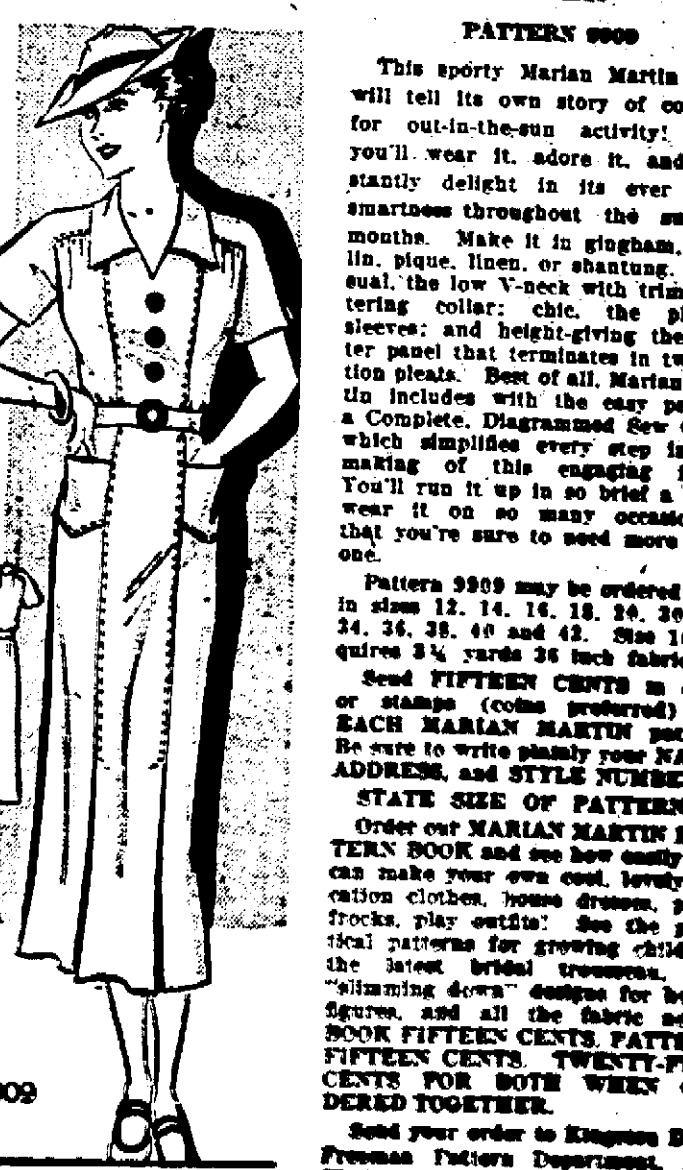

Trimming plays an important part in the make-up of new sports frocks—whether it be rick-rack or soutache braid or polka dot fabric. It accents both one-piece and two-piece frocks designed either with gored or pleated skirts. White is probably the most popular shade, although light tints are well liked, and the vogue for darker shades with white trimming is not to be overlooked. The two-piece model of white linen, pictured above, uses deep blue rick-rack braid for effective trimming. (Rick-rack braid while far from new—is having a "fashion fling" right now, even trimming many smart summer evening gowns.) The skirt of this frock is gored for free and graceful walking fullness. Blue silk linen makes the one-piece frock shown at the left. Wine and white polka dot linen make the collar, belt and pocket trimming. The skirt is pleated. Models such as these are ideal for vacation wear.

## Matched Crochet for Bedroom or Bath

Do you expect to do your usual bit of summer housekeeping? Then begin now on some gay, new scatter rugs for bedroom and bath. You'll find the charm and durability of this handsome crocheted rug far exceeds the initial cost of a bit of candlewicking or rug wool (rugs also can be used). Its rose design may be worked out in two colors or white and a color. Use string for the matching scarf design and towel borders. In pattern 5555 you will find complete instructions and charts for making the rug, towel band and flat scarf; an illustration of them and of the stitches needed; material requirements and color suggestions. To obtain this pattern send 10 cents in stamps or coin (coin preferred) to the Kingston Daily Freeman Household Arts Dept., 259 W. 14th street, New York, N. Y. Be sure to write plainly your NAME, ADDRESS and PATTERN NUMBER.

## TRIM AND GAY—THIS EASILY MADE MARIAN MARTIN SPORTSTER

This sporty Marian Martin frock will tell its own story of coolness for out-in-the-sun activity! For you'll wear it, adore it, and constantly delight in its ever fresh smartness throughout the summer months. Make it in gingham, muslin, pique, linen, or shantung. Unusual, the low V-neck with trim, flattering collar; chic, the pleated sleeves; and height-giving the center panel that terminates in two action pleats. Best of all, Marian Martin includes with the easy pattern a complete, Diagrammed Sew Chart which simplifies every step in the making of this engaging frock. You'll run it up in no brief a time, wear it on so many occasions—that you're sure to need more than one.

Pattern 5909 may be ordered only in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 3 1/2 yards 36 inch fabric. Send FIFTEEN CENTS in coins or stamps (coins preferred) for EACH MARIAN MARTIN pattern. Be sure to write plainly your NAME, ADDRESS, and STYLE NUMBER.

STATE SIZE OF PATTERN. Order out MARIAN MARTIN PATTERN BOOK and see how easily you can make your own cool, lovely vacation clothes, home dresses, party frocks, play outfits! See the practical patterns for growing children, the latest bridal trousseau, the "slimming down" designs for heavy figures, and all the fabric news! BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. TWENTY-FIVE CENTS FOR BOTH WHEN ORDERED TOGETHER.

Send your order to Kingston Daily Freeman Pattern Department, 259 W. 14th street, New York, N. Y.

Australia is seeking part of her problem of controlling its black population by turning some of them into white. The Federal government has announced that a native consularly is to be established in the Northern Territory, apart from other colonies that are being made.

## MENUS OF THE DAY

By MRS. ALEXANDER GEORGE

**Simple Sunday Dinner**  
(Tasty And Easy To Prepare)  
Menu For Four Or Five  
Chicken And Peppers  
Rice Mould  
Buttered Beans  
Biscuits  
Salad  
Crisp Raspberry Ice Cream  
Chocolate Crunches  
Coffee

**Chicken And Peppers**  
1 tablespoon butter  
4 tablespoons chopped green peppers  
1/2 cup flour  
1/2 cup milk  
1/2 cup diced cooked chicken  
1/2 teaspoon celery salt

Melt butter and add flour, mix and add milk. Cook until creamy sauce forms. Stir constantly. Add remaining ingredients and cook two minutes over low fire. Serve poured over rice mould.

**Rice Mould**  
2 cups boiled rice  
1/2 cup soft cream  
1/2 teaspoon salt  
1/2 teaspoon paprika  
1/2 teaspoon onion  
1/2 cup butter  
1/2 cup milk  
1/2 cup flour

Mix ingredients and pour into buttered shallow mold (round or oval). Set in shallow pan in which one inch water has been placed. Bake 30 minutes in moderately slow oven. Remove from oven and let stand five minutes in the water. Carefully unmold. Garnish with parsley.

**Chocolate Crunches**  
(A Summer Cooky)  
1/2 cup fat  
1/2 cup sugar  
2 squares chocolate, melted  
1 teaspoon vanilla  
1/2 teaspoon salt  
1/2 cup milk  
1/2 cup flour  
1/2 cup baking powder  
1/2 cup nuts, chopped

Cream fat and sugar. Add eggs, chocolate, vanilla, salt, milk, flour and baking powder. Beat two minutes. Spread in 1/2 inch layer in shallow pan lined with waxed paper. Sprinkle with nuts, pressing down well into cookie surface. Bake 20 minutes in moderately slow oven. Cut in bars or squares and remove waxed paper.

## HURLEY SCHOOL ENTERTAINED AT WILTWYCK CLUB HOUSE

On Wednesday evening, June 17, a very enjoyable program was given for the benefit of the Hurley School at the Wiltwyck Club House, on the Hurley road. The program was composed of the following numbers: Announcer—Elbert Loughran. Recitation—Strictly Confidential. George Phalen. Two drum solos by Earle Terwilliger, accompanied at the piano by his mother, Mrs. Earle Terwilliger. (a) What's The Reason (b) Thanks a Million. Recitation—Elmer Brown—By Mae Saddleire, pupil of Miss Ethel Mauterstock. Violin selection—Variations on the Austrian National Hymn—Played by Miss Eva Dunbar. A group of three songs. Mrs. Henry Dunbar. Recitation—Little Boy Blue—By Miss Peggy Lewis, accompanied by John Abernethy, pupil of Miss Ethel Mauterstock. Tap trio—Mary Duffy, Donald Schultz, Mary Margaret Tierney. Toe solo—Leola Saddleire.

## Home Institute ETIQUETTE FOR TODAY

Free as air is modern youth! The chaperon has joined the rubber-tired buggy and the Gibson girl. So nowadays the girl herself has to know her etiquette!

She won't jump into an automobile without giving a man time to open the door for her. A well-bred man expects to do these courteous little things. Give him a chance.

The smart young modern knows that you do not usually take a man's arm when walking with him in the street. Except, perhaps, in the evening if you are wearing high heels and crossing a bad paving in a dim light.

She says "I'm sorry," not "pardon me," and "How do you do?" not "Pleased to meet you." She introduces members of her family as "my mother," "my father," "my sister," (unless the sister is married) not as "Mrs. Porter," "Mr. Porter," "Miss Porter." Sounds so stiff.

Such etiquette points she must have ready on the instant, to be considered smart and modern. Out 40-page illustrated booklet, ETIQUETTE FOR EVERY DAY, sets you right on all these matters. So handy for checking up. Be sure, and you'll be at ease.

Send 15c for our booklet, ETIQUETTE FOR EVERY DAY, Kingston Daily Freeman, Home Institute, 109 West 19th street, New York, N. Y. Write plainly your NAME, ADDRESS, and the NAME of booklet.

Scottie Parade—Janet Schultz and Jimmie Roe. Bye, Bye Blues—Charlotte Norton Tap on toe—Leola Saddleire. Hi-Stepers—Sally Oaks, Donald Schultz, Doris Merrihew, Barbara Tongue, Lorraine Roe, Ann Donovan. Duet—On Wings of Song—Sung by Mrs. Roger H. Loughran and Mrs. Henry Dunbar. Dance numbers from the Cashin

School of Dancing, accompanied at the piano by Daniel Blittner. Arrangements for the program were under the direction of Mary E. Welhaf. To toast coconut: Spread coconut in thin layer in pan or baking sheet. Place in hot oven (400 degrees F.) or under broiler. Toast until delicately browned stirring frequently to prevent burning.

CHILDREN like Kellogg's Rice Krispies for supper. They're so crisp they crackle in milk or cream. Nourishing. Easy to digest. Promote sleep.

Kellogg's Rice Krispies are sold by grocers everywhere. Ready to serve. A Mother Goose story on the back of every package. Made by Kellogg in Battle Creek. Quality guaranteed.

SO CRISP they actually crackle in milk or cream

**Baker's** FURNITURE STORE 35 NORTH FRONT ST.

Among the many things we need along about this time of year is a baseball-proof window glass.

Jasper—Some marriages are a gamble—like a sweepstake.  
Eloise—Oh, no! If you lose in a sweepstake, you can always tear up your ticket.

People cannot all think alike on public questions and difference of opinion is no cause for breaking a friendship. A sane and unemotional discussion of public questions by those of different opinions is almost never held, however.

Hamilton—Most people can't see what's right under their noses.  
Margaret—If they could, a lot of mustaches would be shaved off.

If you have anything to hide tell no one or tell everyone your side of it.

A young lawyer from Pennsylvania recently sought to locate in the south. He wrote to a friend in Alabama, asking him what the prospect seemed to be in the city for "an honest young lawyer and Republican."

In reply the friend wrote: "If you are an honest lawyer, you will have absolutely no competition. If you are a Republican, the same laws will protect you."

Man—Do you think it pays to put much money in clothes?

Friend—Not if your wife gets up in the middle of the night to see if there are holes in the pockets.

It is by his work that a workman is judged. Most of us, although workmen of some sort, often forget that.

Chorine—Is it true that the leading lady lost her job because of her double?

Dance Director—Yeah. Her double chin.

Rubber-tired, silent lawn mowers are now on the market. They are particularly recommended as healthful investments for the early rising citizen who cuts his lawn before the hour his neighbor's alarm rings.

Nervous Musician—Madam, your cat has kept us awake two nights with his serenade.

Mrs. Nexadoro (tartly)—What do you want me to do, shoot the cat?

Nervous Musician—No madam, but couldn't you have him tuned?

It is easier to work than it is to worry. It is also much more effective. Nearly everybody knows, quite well, that this is true. But it doesn't keep us from worrying when we ought to be working.

Friend—Jimmy is afraid to open his mouth at the dinner table.

Man—I don't blame him. I've eaten his wife's cooking.

Too Much Off  
While walking down the street one day, John Smith, inclined to scoff, beheld some models with the sign: "These dresses one-fourth off."  
Then came another hasty glance, a low embarrassed cough.  
Before his eyes he read the words: "These dresses one-half off."  
He looked again, what do you think? He was a modest gent.  
There was a sign upon a card: "OR sixty-six per cent."  
He hurried on with downcast face, and never undertook.  
A single glance to left or right, he was afraid to look.

Father—There are three good reasons why I don't want you to marry young Jenkins. In the first place, he has no money. In the second—  
Daughter (interrupting)—Never mind going into any more details, father. You will find that I am a very dutiful daughter.

A man's work should naturally be the most interesting activity in his life. With how many is it the least interesting?

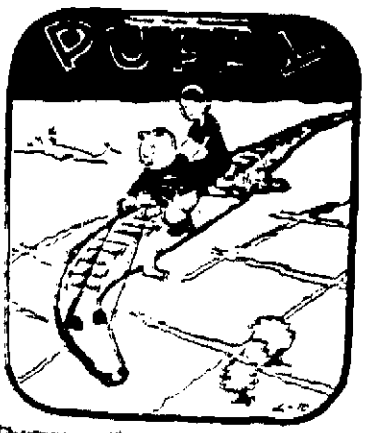

Governor—These sacks are wretchedly made.  
Convict—If my work does not satisfy you, I can leave.

Smile: Low-lived as a dog pol-woner.

The Moss Feature Syndicate, 603 Summit Ave., Greensboro, N. C.

"Northern Lights"  
New York, June 12 (P)—Electric disturbances which disrupted telegraphic communication between New York and Buffalo for more than a half hour early today were credited by one company official to the aurora borealis sometimes called "northern lights."

Snake "Jay Walks" And Dies  
Atlanta, Ga. (P)—A two-foot chicken snake was crushed by an automobile when it "jay walked" at Five Points, Atlanta's busiest traffic intersection.

Thomas the dog walker...  
No, I would like to be down to the ground in simple—its new set-time dark.  
They all like to eat and a nice place to work.

## HEM AND AMY.

THAT'S THE LIFE ED... OUT IN THE SOLITUDE... WHERE YOUR NERVES GET A BREAK.

## JUST LIKE A WOMAN—

By Frank H. Beck.

BY JOVE, HEM, DO YOU REALLY LIKE TO GET AWAY ALONE WITH A GOOD PAL AND JUST FISH?

THERE'S NOTHING I LIKE BETTER.

LISTEN... I'VE GOT A CAR AND THE FINEST CAMPING OUTFIT GOING. HOW ABOUT JOINING ME FOR A QUIET WEEK OR TWO IN THE WOODS?

IT'S A DEAL, PUT 'ER THERE.

JUST ED AND ME—A NICE QUIET REST—

THAT'LL BE DANDY... BUT YOU'LL HAVE TO TAKE SCHNOZZLE. I CAN'T HANDLE HIM ALONE.

## NEW PALTZ

New Palitz, June 19.—Reuben Morton and family of Boonton, N. J., spent Sunday with Mr. and Mrs. Thomas Morton.

Mr. and Mrs. John Taylor and family called on Mr. and Mrs. Walter Roe at Obolville Sunday evening.

Mr. and Mrs. Charles Gerow, formerly of Schenectady, moved into the bungalow last week that they recently purchased of David Sutton.

Mr. and Mrs. Ira DuBois of Goshen called on friends in this vicinity Sunday afternoon.

Mr. and Mrs. Ezra Ean entertained at a family dinner party at their home Sunday. Those present were: Mr. and Mrs. John Marky and daughter and son of Boone, Iowa; Mr. and Mrs. Willard Fish and daughter of Millbrook; Webster Ean of Pleasant Valley and Mr. and Mrs. Benjamin Ean and daughter of Eltinge's Corners.

Highland Order of Eastern Star held its last meeting of the season on Tuesday evening. Meetings will resume again on September 22. Mrs. Gertrude Coulter and Mrs. Gertrude Elliott of New Palitz had charge of the entertainment. Mrs. Frances Krom and Mrs. Minnie Schmalke of New Palitz served with others on the refreshment committee.

Frank Anzalone of Cliffside, N. J., and Joseph Bivone, former residents of this section, called on friends in Lloyd on Sunday.

The Women's Missionary Society of the Highland Methodist Church has entertained at the home of Mrs. Jacob Schuele on the New Palitz and Highland road on June 17.

Clara Livingston, graduate of New Palitz Normal School, who is supervisor of grade schools in Millbrook, has been awarded her M. A. degree from Columbia University.

Mr. and Mrs. Emsley Heartt of Amityville, L. I., attended the commencement exercises of the Normal School. Their daughter, Marjorie, was one of the graduates.

Miss Doris Smiley of Minnekaaka was among the 85 graduates of the secretarial and social welfare departments of the Scudder School of New York at its 41st commencement on June 5 in the First Presbyterian Church.

## Young Musicians Entertain Kiwanis

Members of Kiwanis listened to young musicians of this city at the regular meeting of the club at the Governor Clinton Hotel on Thursday. The entertainment, under the direction of the program chairman, N. Jansen Fowler, consisted of piano selections of master composers rendered by young people of both sexes. Classics as well as lighter pieces made up the program, and among the artists were newcomers to the Kiwanis guest family as well as the return of several who have won the acclaim and admiration of the Kiwanians in the past.

Important iron deposits have been found in Papua, New Guinea. It is described, as high grade hematite ore, 72 per cent pure iron.

## LEWIS GIVEN HONORARY DEGREE

Sinclair Lewis (left), American novelist and Nobel prize winner, was awarded an honorary degree of doctor of letters by Yale university, his alma mater, at the institution's 229th commencement. His companion is Prof. William Lyon Phelps, who, in presenting him for the degree, cited him as "a novelist and evangelist." (Associated Press Photo)

## FLATBUSH

Flatbush, June 19.—The Rev. Stephen Ryder and Mrs. Ryder have returned from the Reformed Church Synod meeting in Rochester, New York. While there they visited Mrs. Ryder's mother who lives in Rochester.

Miss Betty Ryder has come home for the summer vacation. Miss Betty attends Beaver College in Jenkintown.

Mr. and Mrs. Thomas Anderson accompanied Miss Elizabeth Davis and Mr. and Mrs. Harry Davis to Locke, New York, to visit Mr. and Mrs. Donald Hill recently. Mr. and Mrs. Hill formerly lived in Flatbush.

The strawberry festival held last week on the lawn of the Flatbush Reformed Church was a success both socially and financially. Nearly \$30 was cleared and the committee members, Mrs. C. M. Ducker, Mrs. Harry Durling and Mrs. Fred Kukuk, thank all those who helped make the affair a success.

Mrs. C. M. Ducker, the Misses Virginia and Charlotte Edinger and Mrs. Frederick Kukuk motored to New York last Friday and spent the week-end with Mrs. Kukuk's sister, Mrs. Frank A. Sieverman, Jr., Bay-side, L. I. While there they attended the wedding and reception of Miss Jacqueline Hawkes and Howard McMichael in New Rochelle on Saturday.

Mr. and Mrs. Frank Moak of Washington, D. C., were week-end guests of Mr. and Mrs. John Moak.

Mr. and Mrs. Thomas Anderson and daughter, Helen, Mrs. Alice Raymer, Miss Mildred Davis and Mr. and Mrs. Andrew Parslow of Kingston were Sunday guests at the home of Mr. and Mrs. John Moak.

Mr. and Mrs. John Dimmiller, Jr., of Poughkeepsie, and Fred Kukuk were Sunday guests at the home of Mr. and Mrs. John Dimmiller, Sr.

Henry Siebert of Glendale, L. I., spent the week with his sister, Mrs. John Dimmiller, and mother, Mrs. C. Siebert.

Egbert C. France had a meal of potatoes from his garden on June 17. Mr. France is generally first with most of his vegetables and flowers.

A number of young people from here will graduate from Kingston High School next week.

The graduating exercises of the North Flatbush School will be held on Wednesday evening, June 24, at the T. X. T. Club house.

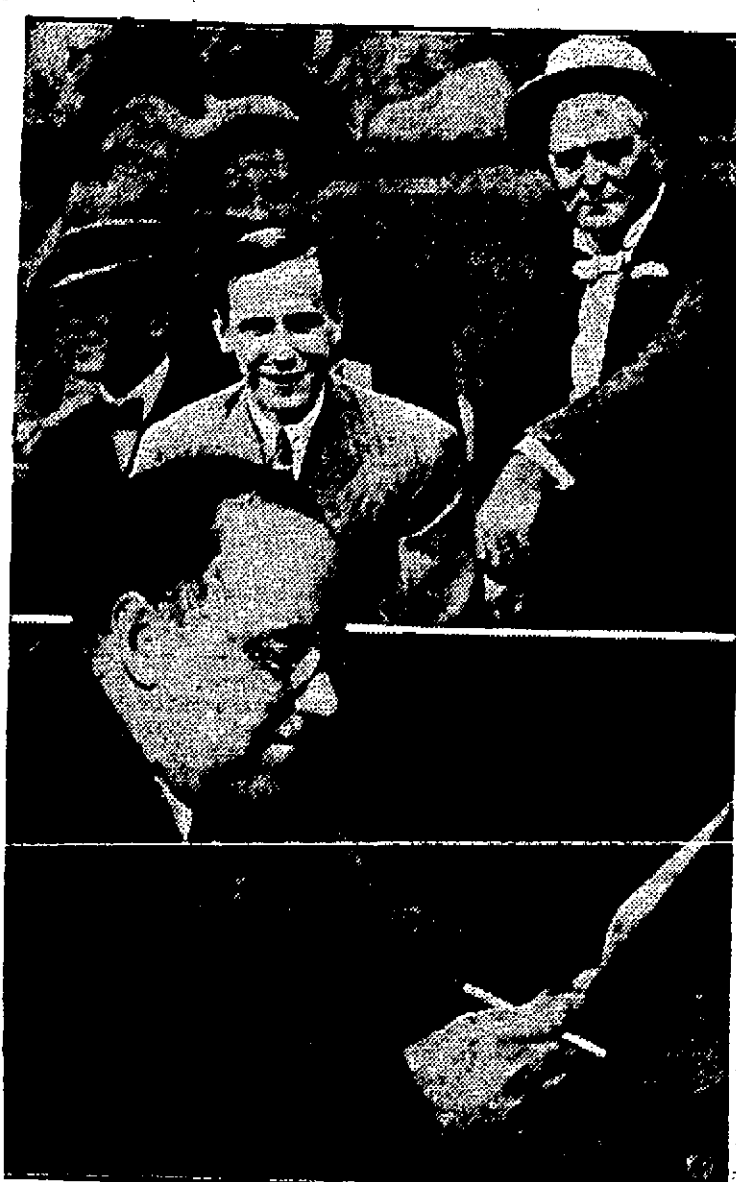

Mrs. Thomas Ketterison is spending the week-end in Newburgh with her son and daughter-in-law, Mr. and Mrs. Andrew Ketterison.

"Children's Day" was celebrated on Sunday by the children of the Sunday School of the Flatbush Reformed Church. The children all took their parts well. A goodly number were present.

The annual fair and supper of the Ladies Aid of the Flatbush Reformed Church will be held on Wednesday, August 13.

Body of Gorky in State  
Moscow, June 19 (P)—The body of Maxim Gorky lay in state today in the Hall of the Unions as a long line of admirers of the famous contemporary author gathered to pay their last respects. Gorky died yesterday after a ten-day illness of pneumonia. The writer's body will be cremated tonight and his ashes placed in niche in the wall of the Kremlin.

## Senator Clark Out to Avenge Father's Loss of Presidency

Senator Bennett Champ Clark of Missouri, as chairman of the rules committee for the Democratic national convention, demands the death penalty for the "two-thirds rule" that cost his father, the late Champ Clark, a presidential nomination in 1912. Father and son are shown together above.

By HERBERT PLUMMER

Washington (P)—A son will avenge the defeat of his father for President if the Democrats scrap the "two-thirds rule" at Philadelphia.

The son is Bennett Champ Clark, United States senator from Missouri. The father was the late Champ Clark, speaker of the house who lost the Democratic nomination at Baltimore in 1912 after receiving a majority of the votes on early ballots.

Senator Clark, as chairman of the rules committee for the national Democratic convention at Philadelphia, will report the resolution calling for abrogation of the 104-year-old two-thirds rule.

Invented by Jackson  
"To say that it will give me a sentimental pleasure," says Clark, "is putting it mildly. I've been whooping it up to do away with that thing all my life."

Introduced at the first Democratic convention in Baltimore in 1832 as a move of Andrew Jackson to impede John C. Calhoun, the rule requiring a two-thirds vote to nominate has prevented two majority candidates from winning a presidential nomination.

On the 10th ballot Clark mustered 556 votes, 11 more than a majority, to Woodrow Wilson's 352. Yet eventually Wilson was nominated and subsequently elected President.

That defeat embittered Champ Clark, and the feeling persists in his family today.

Helped First "Dark Horse"  
But for the two-thirds rule Martin Van Buren would have been nominated in 1844, since he had a majority on the first ballot. It robbed him of victory, however, and gave it in a stampede of weary delegates to James K. Polk, the first "dark horse" nominee in American politics.

At New York in 1924, William G. McAdoo favored abolition of the rule, but the rules committee said "no" and was upheld. At one time McAdoo came within 20 votes of a majority.

Again in 1932, the supporters of President Roosevelt backed abrogation, but finally gave up after persuading the convention to recommend the change be made in 1936.

Both President Roosevelt and National Chairman Farley have announced themselves in favor of discarding the two-thirds rule at Philadelphia.

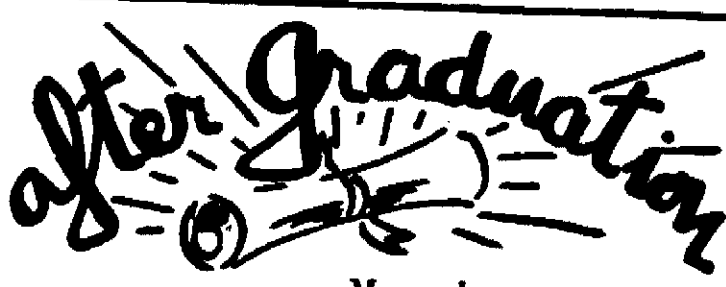

## Lithuanian Curfew

Kaunas, Lithuania, June 19 (P)—A curfew, prohibiting all movement on the streets between 10 p. m. and 5 a. m., was established today by the military commandant of Kaunas. The order followed a demonstration yesterday in which police, armed with carbines, were forced to fire into the crowd to halt the disturbance.

## Card of Thanks

We desire to thank all our neighbors and friends for the beautiful floral offerings and their many acts of kindness in our recent sad bereavement of the sudden death of husband and father.

MRS. HARRY TERWILLIGER AND DAUGHTER.

More and more parents are sending their children to business school or college because they know the extra training helps them to get better jobs later on. Many of these parents get the extra cash they need from us—on their own signatures—and actually find it easy to repay. You will, too! If you need money for educational or other purposes, come in or telephone us TODAY.

(21) Eliminate the percentage charge formerly imposed on the previous establishing rates. (22) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (23) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (24) Eliminate the percentage charge formerly imposed on the previous establishing rates. (25) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (26) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (27) Eliminate the percentage charge formerly imposed on the previous establishing rates. (28) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (29) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (30) Eliminate the percentage charge formerly imposed on the previous establishing rates. (31) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (32) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (33) Eliminate the percentage charge formerly imposed on the previous establishing rates. (34) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (35) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (36) Eliminate the percentage charge formerly imposed on the previous establishing rates. (37) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (38) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (39) Eliminate the percentage charge formerly imposed on the previous establishing rates. (40) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (41) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (42) Eliminate the percentage charge formerly imposed on the previous establishing rates. (43) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (44) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (45) Eliminate the percentage charge formerly imposed on the previous establishing rates. (46) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (47) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (48) Eliminate the percentage charge formerly imposed on the previous establishing rates. (49) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (50) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (51) Eliminate the percentage charge formerly imposed on the previous establishing rates. (52) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (53) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (54) Eliminate the percentage charge formerly imposed on the previous establishing rates. (55) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (56) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (57) Eliminate the percentage charge formerly imposed on the previous establishing rates. (58) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (59) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (60) Eliminate the percentage charge formerly imposed on the previous establishing rates. (61) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (62) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (63) Eliminate the percentage charge formerly imposed on the previous establishing rates. (64) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (65) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (66) Eliminate the percentage charge formerly imposed on the previous establishing rates. (67) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (68) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (69) Eliminate the percentage charge formerly imposed on the previous establishing rates. (70) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (71) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (72) Eliminate the percentage charge formerly imposed on the previous establishing rates. (73) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (74) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (75) Eliminate the percentage charge formerly imposed on the previous establishing rates. (76) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (77) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (78) Eliminate the percentage charge formerly imposed on the previous establishing rates. (79) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (80) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (81) Eliminate the percentage charge formerly imposed on the previous establishing rates. (82) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (83) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (84) Eliminate the percentage charge formerly imposed on the previous establishing rates. (85) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (86) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (87) Eliminate the percentage charge formerly imposed on the previous establishing rates. (88) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (89) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (90) Eliminate the percentage charge formerly imposed on the previous establishing rates. (91) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (92) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (93) Eliminate the percentage charge formerly imposed on the previous establishing rates. (94) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (95) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (96) Eliminate the percentage charge formerly imposed on the previous establishing rates. (97) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (98) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (99) Eliminate the percentage charge formerly imposed on the previous establishing rates. (100) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (101) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (102) Eliminate the percentage charge formerly imposed on the previous establishing rates. (103) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (104) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (105) Eliminate the percentage charge formerly imposed on the previous establishing rates. (106) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (107) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (108) Eliminate the percentage charge formerly imposed on the previous establishing rates. (109) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (110) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (111) Eliminate the percentage charge formerly imposed on the previous establishing rates. (112) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (113) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (114) Eliminate the percentage charge formerly imposed on the previous establishing rates. (115) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (116) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (117) Eliminate the percentage charge formerly imposed on the previous establishing rates. (118) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (119) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (120) Eliminate the percentage charge formerly imposed on the previous establishing rates. (121) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (122) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (123) Eliminate the percentage charge formerly imposed on the previous establishing rates. (124) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (125) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (126) Eliminate the percentage charge formerly imposed on the previous establishing rates. (127) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (128) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (129) Eliminate the percentage charge formerly imposed on the previous establishing rates. (130) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (131) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (132) Eliminate the percentage charge formerly imposed on the previous establishing rates. (133) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (134) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (135) Eliminate the percentage charge formerly imposed on the previous establishing rates. (136) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (137) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (138) Eliminate the percentage charge formerly imposed on the previous establishing rates. (139) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (140) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (141) Eliminate the percentage charge formerly imposed on the previous establishing rates. (142) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (143) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (144) Eliminate the percentage charge formerly imposed on the previous establishing rates. (145) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (146) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (147) Eliminate the percentage charge formerly imposed on the previous establishing rates. (148) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (149) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (150) Eliminate the percentage charge formerly imposed on the previous establishing rates. (151) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (152) Provide in Electric Service Classification No. 1 and 2 that a customer with the contract paying for service for a limited period of equal monthly amounts subject to adjustment at the end of the period. (153) Eliminate the percentage charge formerly imposed on the previous establishing rates. (154) Add to Electric Service Classification No. 1 a provision that for customers operating refrigerators, air conditioning or other electric appliances, the monthly charge shall be increased by 10 per cent. (155) Provide in Electric Service Classification

FINANCIAL AND COMMERCIAL

By CLAUDE E. JAGGER

New York, June 19 (AP)—Late buying of oils put life into a wobbly stock market today.

Brokers explained the demand in terms of the approach of summer vacations which brings gasoline consumption to its annual peak. Pure Oil, Standard Oil (New Jersey) and Barnsdall were among late gainers.

Favorable earnings and hopes of dividend increases gave another lift to Philip Morris and Zenith Radio. Improvement was also registered by Chrysler, American Can, Liggett & Myers, "B. I." Standard Oil of Indiana, U. S. Pipe & Foundry, Youngstown Sheet & Tube, Loew's, Union Pacific and Chesapeake & Ohio.

American Telephone backed up 2 points on threats of a rate cut for its New York subsidiary. Among lesser gains were U. S. Steel, Bethlehem, Western Union, Radio, Consolidated Edison, American Water Works, Westinghouse, Montgomery Ward, Sears Roebuck, Wilson & Co., Johnson & Johnson, Greyhound Corp., U. S. Smelting, American Smelting, Parker Rust Proof, Santa Fe, N. Y. Central and Southern Pacific.

Quotations given by Parker, McElroy & Co., members, N. Y. Stock Exchange, 120 Broadway, New York city; branch office, 282 Wall street.

NO PASSENGER LOST  
BY RIGID AIR LINES

All Landed Safely Even in  
Zeppelin's Early Days.

Washington.—Since Count Zeppelin began to carry passengers in crude small craft, around the turn of the century, no single passenger has been lost in commercial airship service and about 800,000 have been carried, including those on short sight-seeing hops here and abroad. An airship, the Graf Zeppelin, has circled the world in 21 days and another, the Norge, crossed the North pole.

On the debit side of the ledger stand the spectacular losses of huge military and experimental ships.

The British started on an ambitious airship construction program of their own. The ZR-2, which had been purchased by the United States, fell into the Humber river, just as it was about to be delivered in August, 1921, causing the death of 34 persons. The ZR-34, which had electrified the world by her crossing of the North Atlantic in July, 1931, under command of Major G. H. Scott in 63 hours, to blaze that trail for lighter-than-air craft, was blown to pieces in a gale while moored at her mast at Howden, in January, of that year. Fortunately, no one was on board.

Crashed Into Hill.

The R-100, first of two proud 5,000,000 cubic foot ships to fly for England, made the North Atlantic round trip in 1930, crossing to Canada and return. In October of that year her sister ship, R-101, crashed into a hill at Beauvais, France, when on a demonstration flight to India and 46 British officers and men, including some of the aviation leaders of the empire, were killed.

In December, 1923, the French suffered the loss of 52 lives in the crash of the Dixmude off the Sicilian coast while she was on her way to Africa.

The Italia, carrying General Umberto Nobile and fellow-explorers, fell during a flight to the North pole in May, 1928, and eight persons were killed.

In the United States the record of losses has been even greater. The Roma, built in Italy but assembled in this country and under test for the United States army, dived out of control when a rudder cable broke at an altitude of 1,000 feet, fell into high-tension wires and 34 lives were lost in the resultant fire.

In September, 1923, the ZR-1, the Shenandoah, in commission for the navy, broke in two during a squall near Caldwell, Ohio, and 14 were killed.

Akron and Macon.

The Akron, first of the two 6,500,000-cubic-foot airships built for the navy by the Goodyear Zeppelin corporation at Akron, in the world's largest building, was christened August 8, 1931, and commissioned October 27. On April 4, 1933, caught in severe squalls off the New Jersey coast, she broke in the sea and was lost. There were only three survivors.

Less than three weeks later her sister ship, the Macon, made her maiden flight, staying up 12 hours and giving an excellent account of herself. But on February 12, 1935, she too was lost at sea, going down in the Pacific off the California coast. Fortunately, only two of her company were lost.

On the favorable side of the account stand many fine flights by rigid airships, however. Both the Akron and the Macon, while in commission, made long flights, crossing the continent and flying along the coast lines in all sorts of weather.

Meantime, abroad, the Graf Zeppelin had begun the series of flights which has been chiefly responsible for the abiding faith which German experts and many American authorities hold in lighter-than-air craft.

Ladybugs' Sex Becomes  
Real Problem in Oregon

Estacada, Ore.—An enticement get-rich-quick scheme fell through recently because no one in this small town knew how to tell a ladybug from a gentleman ladybug.

A report by Fred Brown, forest ranger, that thousands of the tiny creatures were swarming near Camp One, about eight miles from here, was quickly followed by a second report—the source of which was vague—that males of the species are valued at \$1 each.

Then arose the disturbing question of how to tell a male from a female ladybug.

A canvass of the library and all available bookstores failed to reveal any scientific method of discerning between the two sexes. Examination of several members of the species also proved in vain—no apparent difference could be discovered.

Students Will Hear  
How They Really Talk

Middleton, Conn.—Installation of recording and reproducing apparatus for the use of classes in oral English is under way at Wesleyan university. Next year's classes will be able to hear themselves as others hear them.

The new speech apparatus is designed to aid students who have speech difficulties by revealing to them how their speech faults sound to others and to enable instructors in public speaking to demonstrate the point which they wish to make about the presentations of their students. Many other uses of the equipment are also visualized.

Wager Fined \$5

Elmer Wager of Accord arrested at noon by Sergeant James J. Cunningham and Trooper Walter Korte of the State Police for driving a Chevrolet truck without license plates was fined \$5 by Justice of the Peace Oscar Church of High Falls. The arrest took place at Kripke's.

Drunken Driver  
Is Fined \$50

Dennis F. McFadden of Woodside, L. I., and Augustus, arrested for driving while intoxicated, Wednesday, by Sergeant James J. Cunningham and Trooper Walter Korte of the State Police, on Dutch Creek road, was fined \$50 by Justice Charles Brown of Saugerties.

S-O-C-I-E-T-Y

Burr-Vincent

Miss M. Edna Vincent of 300 East Chester street and Raymond C. Burr of Connelly, were married in Poughkeepsie on June 10, by the Rev. A. George Feare.

Engagement Announced

Mr. and Mrs. Edward J. Kidney of 222 Haverbrook avenue, announce the engagement of their daughter, Marie, to Wesley Holmes, son of Mr. and Mrs. John S. Baisden, 203 Elmendorf street.

Coming Wedding

Ellenville, June 19.—Miss Alice Rosenthal, daughter of Mrs. Doris Rosenthal of this village, and Harry Weinstein of Babylon, L. I., will be married on Sunday, June 28, at the Jewish Center, West 86th street, New York city. The ceremony will be performed by Rabbi Desola Poole. The couple will leave for a honeymoon trip to California and the Hawaiian Islands where they expect to remain for the summer. On their return they will make their home in Babylon, L. I.

Surprise Shower

A surprise shower was given Mrs. Harvey Miller by the Ladies' Auxiliary on Wednesday evening, June 17, at the St. Remy Fire House, which was artistically decorated with blue and white crepe paper, and a variety of cut flowers. A bounteous lunch of umbrellas made from pink, blue and white crepe paper. Mrs. Miller received many beautiful gifts. The following ladies were present: Mrs. Harry Ellsworth, Mrs. Philip Fischer, Sr., Miss Helen Fischer, Mrs. Gustav Schneider, Mrs. A. Barnett, Mrs. S. Barnett, Mrs. A. Nicholas, Mrs. George Lawrence, Mrs. Ardis Miller, Mrs. Alwyn Nicholas, Mrs. Philip Fischer, Jr., Mrs. Donald Parish, Mrs. Kenneth Parish, Mrs. Graham Parish, Mrs. Ernest Frost, Constance

FEDERAL CONTROL OF MILK  
SHIPMENTS IS ASKED

Syracuse, N. Y., June 19 (AP)—Federal regulation of inter-state milk shipments was urged at the closing session of the Dairymen's League Co-operative Association annual meeting here.

The resolution asking federal control also suggested this power be coordinated with the various states controlling intra-state shipments in a way that will bring uniform prices, equity between producers and equity between distributors.

In other resolutions adopted yesterday the league urged federal legislation to permit cooperatives to take up dairy problems on an interstate basis; urged import duties on butter substitutes; and endorsed the national agricultural conference on managed currency.

THE JOINERS

News of Interest to Members of Fraternal Societies

Regular weekly meeting of Charles DeWitt Council, No. 91, will be held this evening at 8 o'clock at the lodge rooms, 14 Henry street.

Friar is Sentenced

Koblenz, Germany, June 19 (AP)—The Franciscan Robert Eisenbauer, known as Brother Dietrich, was sentenced to a year's imprisonment today at the mass trial of friars for allegedly improper moral practices. Another friar was acquitted for lack of evidence.

Vagrants Arrested

Two vagrants were arrested at Shokan, Thursday, and sentenced to 10 days in the Ulster county jail by Justice of the Peace Thomas Brathwaite. They were Cyril McManus, 30, of Long Island City, and Theodore Atkinson, 35, of New York city.

Engineer Killed

Tampico, Mexico, June 19 (AP)—The engineer was killed and several injured today when a train left the tracks between San Luis Potosi and Tampico.

Cudaky Files Suit

Chicago, June 19 (AP)—The Cudaky Packing Company filed suit today in federal court to recover \$11,908.93 paid to the government in processing taxes under the invalidated AAA.

Navy Aviator Killed

Lieut. C. K. Mallory, of Bethesda, Md., was burned to death with radioman when his plane crashed after taking off from the naval air station at Norfolk, Va. (Associated Press Photo)

Violated Parole

John Brodhead of West Strand was jailed today for violation of parole from Walkkill State Prison.

About The Folks

Mrs. J. C. Gillette of Port Ewen, who had the misfortune to fall down stairs in her home last week is slowly improving.

John J. Young, son of the Rev. and Mrs. Paul M. Young returned home this week. He is attending New York University.

Mrs. Carl Will of 76 Hunter street entertained at her home, Thursday, the Woman's Missionary Society of St. Paul's Lutheran Church.

Mrs. Mae Cohen and son, Morton Herbert, of New York city, are visiting Mrs. Cohen's parents, Mr. and Mrs. R. Kushner, of Washington avenue.

Richard Avnet, formerly of Kingston, son of Mrs. R. Avnet of Hont street, left June 6 for Los Angeles, Cal., where he will make his home permanently.

Miss Ethelmae Jones of Washington avenue has just returned from Boston. While there she attended the commencement of the Bentley School of Accounting and Finance. She was a guest of John F. Callahan, a graduate of this year's class.

Expects Taft.

Topeka, June 19 (AP)—Governor Alf M. Landon disclosed that he expected Charles P. Taft, II, son of the former president, to arrive in Topeka today to join the Landon campaign strategy staff. The Cincinnati lawyer, a brother of Robert A. Taft, Ohio's "favorite son" candidate for the presidential nomination, will be stationed here during most of the campaign, Governor Landon said.

## MARKETS FOR FRUITS AND VEGETABLES

New York, June 19 (AP).—(State Department of Agriculture and Markets).—Strawberry prices advanced sharply in a stronger market as receipts were light due to yesterday's rains. Oswego county, N. Y., offerings jobbed out at 23c-30c per quart. Hudson Valley 18c-25c, poorer and small stock 10c-16c. Long Island ranged from 5c-22c per quart.

Supplies of celery from Orange county, N. Y., were light. Celery in the rough, packed in 2-3 crates \$3.25-\$3.50 for the best. In half crates \$2.25-\$2.50 and highball and quarter crates \$1.00-\$1.25, bunches of celery of medium to large size 35c-60c per bunch, small size stock 20c-35c. Hudson Valley sweet and sour cherry receipts were rather light. 12 quart climax baskets of red sour cherries 75c-\$1.00. 1 quart baskets 25c-40c and quarts 7c-10c. Sweet

cherries of black and red varieties in 12 quart baskets \$1.50-\$1.75. 4 quart baskets 10c-15c and in quarts 10c-13c.

The market for Big Boston lettuce was slightly stronger due to light receipts. Orange county, N. Y., crates of 2 dozen heads 50c-65c. Romaine brought 40c-60c per crate.

The asparagus market was slightly stronger. Green asparagus from nearby states brought \$3.00-\$3.75 per dozen bunches for the jumbo grade, \$2.00-\$2.75 for colossal and \$1.50-\$2.25 for the extra fancy.

Receipts of apples contained light as was the demand and the market was generally dull. Baldwin apples, N. Y. U. S. grade No. 1, 2 1/2 inch and upward \$1.00-\$1.37 1/2 per bushel or open crate. McIntosh No. 1, 2 1/2 inch \$1.15-\$1.25, delicious and Northern Spy 3 inch \$1.75, Rome Beauty No. 1, 2 1/2 inch \$1.37 1/2-\$1.62 1/2.

## Philadelphia Extends Welcometo Democrats

(Continued from Page One)

their final form for combat purposes.

It would include naval vessels, arms and ammunition used by the army and navy and would apply during peace as well as war.

In explaining his proposed neutrality plank he said:

"Tragic experience has taught us that while wars are being fought among other nations, it is utterly impossible for our people to sell and deliver war materials and commodities to belligerents without imminent danger of being drawn into the conflict."

## Pledge For Law

"I am going to fight for a pledge to pass a permanent law which would forbid loans or credits to belligerents unless we are allied with them, prohibit the sale of munitions to warring powers and forbid our citizens from travelling on ships of belligerents except at their own risk."

He said, too, the plank would include a provision that when warring country make purchases in this country they must transport them away themselves.

Some of these points are embraced in the present temporary neutrality law.

## Awake Word

New York, June 19 (AP).—The Rev. Charles E. Coughlin, who has opened the way for disclosure of a third party presidential candidacy, awaited its possible materialization today in public word from a candidate either in New York, Boston or Washington.

The Detroit radio priest, who tentatively approved of the reported content of a platform on which one of three men was considering taking the plunge, indicated the announcement—if a decision to that effect were finally made—would come from one of those three cities.

A decision of one of the mystery trio, he said, would be with the approval of the other two.

The announcement would be made, the priest said, by 4 p. m. E. S. T.—his own deadline—allowing Father Coughlin several hours to prepare a possible endorsement of the candidacy in a half-hour radio address at 9:45 p. m. E. S. T. (CBS).

The priest and leader of the National Union for Social Justice, who made the announcement Tuesday of the third party potentiality has asserted the platform would "merit the support of 25,000,000 voters."

Friends of Father Coughlin expressed belief the anonymous possibilities might include Rep. William Lemke (R-N. D.), co-sponsor of a defeated farm moratorium bill whose views on money and national finance are similar to those of the priest.

## Objects to Shooting Caps and Firecrackers

A Kingston business man asks The Freeman to voice his protest against the shooting of caps and firecrackers about the streets and in the city generally, more than two weeks before the Fourth of July.

He is willing to stand his tribute to patriotism, if exercised within reasonable bounds on the national holiday, but cannot see why citizens should be annoyed for several weeks beforehand. He also suggests that there is a city ordinance against the practice.

## BUSHNELLVILLE

Bushnellville, June 19.—Mr. and Mrs. Chervany have arrived at the Mountain Brook House and are busy getting it ready for the summer business.

The school closed this week for the summer vacation.

John Rossetti met with an accident Thursday and his car was damaged quite badly.

Mrs. Small and daughter of Washington, D. C., have arrived at their summer cottage.

## Kaslich A.C. and Huron Indians Scheduled To Play This Evening

Because of the condition of the grounds the scheduled City League game between the Grunewalds and the Hedricks Thursday evening was called off. The game will probably be played next week.

This evening, if weather permits and the field is in shape, the Kaslich A. C., who are leading the league, will play the Huron Indians. Probable starting pitchers will be John Burgevin and Rud North.

## Schedule Next Week.

Tuesday—Grunewalds vs. Hedricks.

Wednesday—Kaslich A. C. vs. Berardis.

Thursday—Grunewalds vs. Huron.

Friday—Kaslich A. C. vs. Hedricks.

## Holcombe Horses Win Places at Troy Show

Mrs. J. G. Holcombe of Kingston placed winners in two classes at the opening day of the Troy Horse Show and Country Fair, at the Troy Riding Club grounds Thursday.

In the novice saddle horse class, 15.2 and over, Mrs. Holcombe's Captain January, was awarded second place. Her other winner was Miss Mount Sterling, who placed fourth in the class for saddle horses between 14.2 and 15.2.

Despite rainstorm after rainstorm, the show opened shortly after 11 o'clock Thursday morning and continued throughout the day and all but four of the classes scheduled were run off while some 200 devotees braved the weather.

The downpour made the show ring treacherous, but there were no casualties, although several riders were thrown as horses slipped on the slippery turf.

The leading stables in the east brought their horses to the show, which is said to be the highest grade exhibition ever conducted by the local organization and one of the best in the country.

## Auto Racing at Goshen on Saturday

Unless rainy weather, which caused a postponement of the affair last Saturday, again interferes, the 100 mile national championship automobile race will be run on the Good Time track at Goshen this Saturday.

The qualifying trials are scheduled to start at 11 a. m.; 100-mile race at 3 p. m. and the consolation race at 4:30 p. m.

Before Thursday's rain the track was stated to be in its fastest condition. Reservations for seats have been pouring in and more than a score of racing cars and drivers have been waiting for the starter's signal.

The two most feared drivers are Lou Meyer, only three-time winner at Indianapolis; and Ted Horn, who was second this year in the 500-mile whirl. Horn is already within 150 points of Meyer in the annual race for top honors. The winner Saturday gets 120 points toward his national standing.

## UTICA MAN TAKEN SUDDENLY ILL ON BROADWAY TODAY

Officers Fallon and Harnen on patrol duty in one of the radio cars at 1:30 o'clock this morning found an unknown man lying unconscious on the sidewalk at Broadway and St. James street. They called the ambulance and the man was removed to the Kingston Hospital where he is being held under observation. His condition later in the morning was reported as fairly good. When he became conscious he gave his name as Arnold Cook of Utica.

## Learning to Swim

By CLARENCE S. SCHOONMAKER  
General Secretary, Kingston Y. M. C. A.

Lesson V.  
Go right at it now and swim. Start off with a coast as usual. When you have attained a coasting position start all the machinery going. The motor in back (kick) the wheels on the side (arms) and now you are swimming but you say, I can only keep going as long as my breath holds out, so we will have to find a way to overcome that.

As you reach roll slightly, turn the head to one side and catch your breath through the mouth and exhale under water as we did in the first lesson. You must adjust your breathing to your own needs. Some will breathe on every stroke, others breathe on every other stroke. Let me explain the breathing once again.

As you reach out with the right hand for instance, roll the head to the left and quickly grab a breath. Do the same on the other side if you like or you may always breathe from the same side.

You are now swimming the American Crawl. You are not doing it perfectly, of course. You will need plenty of practice and some study to improve your stroke. You have a foundation on which to build and you should not be content until you have mastered not only the crawl stroke, but the "kick" over arm, the breast, the side and back strokes.

There is just one more lesson in this series. We will consider something which every swimmer should know, even the beginner.

## Some Real Softball Promised for Tonight

Weather permitting, which is understood in all sports announcements these days, the much looked forward to battle between the two softball teams from the Canfield Supply Co. will be staged at Forsyth Park at 8:30 this evening.

The game will be between the team representing Canfields in the A. A. League and a team made up from other members of the Canfield force. The second team will include on its roster some of the old-timers who have been taking a rather top-lotly attitude towards achievements of the youngsters.

The challengers, known as Locke's All Stars, are full of confidence and are making plenty of predictions as to how they will show up the younger generation. The regulars are contenting themselves with expressing the hope that the old-timers won't cave in until the end of the game, at least.

It is expected that the bleachers will be filled for the notable contest.

## A. A. A. SOFTBALL LEAGUE

The softball games in the Industrial and Club Division of the A. A. League, scheduled for Thursday evening, are to be played this evening, if the weather allows, with the exception of the game between the Royal Arcanum and Universal Road teams, at Hasbrouck Park, which will be played on some evening next week. The other games scheduled are:

DeMolay vs. B. P. W. at Forsyth Park.

Headquarters Battery vs. Canfields at Armory.

Montgomery Ward vs. Central Hudson at Fair Grounds.

Telcos vs. Fuller Shirt at Barmann's Field.

Later—as a courtesy to the Canfield Co., who had scheduled their "family" softball game for this evening at Forsyth Park, Captain Preston of Headquarters Battery has agreed to postpone the Headquarters Battery-Canfield game until next week.

## Only 4 Crews Now In College Regatta

Toughkeepsie, N. Y., June 19 (AP).—Only four crews instead of five will row in the junior varsity race at the inter-collegiate regatta here Monday but the varsity battle may be the better for the change.

The Syracuse squad, cut to 16 able oarsmen by injuries and illness, met in its boathouse yesterday and without consulting Coach Jim Ten Eyck decided to withdraw from the jayvee event. They decided it would be better to concentrate their remaining strength in the varsity boat to make the best possible showing.

Carl Greiner, Syracuse captain, was left behind in Syracuse for a nasal operation and Larry Wells, Varsity No. 2, who strained his back a week ago, left for home yesterday. Sterling Bettinger and Frank Crowley, regular stroke and No. 6, also were missing from the boat yesterday but are expected back soon.

California and Washington still are rated as the outstanding prospects for the varsity race on the strength of recent time trials. The Golden Bears went upstream over the four-mile course in 19:37 yesterday without using a fast beat. Washington, rowing through rough water Wednesday, was timed in 19:37.5.

Attending Fight  
Among the local people who are in New York city to attend the Louis-Schmeling fight are District Attorney Cleon B. Murray, Justice Harry E. Schrick and Corporation Counsel John M. Cashin.

Change of Playing Field  
The softball game between the DeMolays and the B. P. W., scheduled for tonight at Forsyth Park, will be played on the Armory diamond.

## Only a Cloudburst Will Halt the Fight

New York, June 19 (AP).—Despite heavily overcast skies, threatening further rain, Promoter Mike Jacobs declared this afternoon only a cloudburst would halt the 15-round heavy-

weight match slated tonight between Joe Louis and Max Schmeling, at the Yankee Stadium.

Fight fans, as well as Jacobs, were encouraged by the weather man's forecast of clearing skies later in the day.

There was a slight flurry in ticket sales early today but it didn't last. There was little basis for expectation the crowd would exceed 60,000 or the gate receipts \$700,000.

Driver Arrested  
Following Crash

Cars of Jerry Miller and John O.  
Weston Collided at Smith Avenue  
and Cornell Street—One Woman  
Slightly Hurt — Weston Had No  
Operator's License—Other Cases  
in Court.

Shortly after 3:30 o'clock Thurs-  
day afternoon cars driven by Jerry  
Miller of 39 Martin's Lane and John  
O. Weston of 114 St. James street,  
collided at the intersection of Smith  
avenue and Cornell street. Flore Miller  
of Martin's Lane, one of the  
occupants of the Miller car, was cut  
about the legs. The police arrested  
Mr. Weston for failure to produce his  
operator's license.

This morning in police court Judge  
Gill imposed a fine of \$3 when Mr.  
Weston pleaded guilty to the charge.  
Mr. Weston said he had a 1935 driv-  
ing license but had failed to renew  
it this year.

Mrs. Agnes Barber of West Shokan,  
arrested for public intoxication  
on Thomas street, was fined \$5 and  
payment of the fine suspended.

William H. Barrett of Ashabula,  
Ohio, arrested for public intoxication  
on Greenkill avenue, was fined \$3.

Roscoe H. Playford of the Sawkill  
road, arrested for driving a car with  
license plates issued for another car,  
was fined \$5.

Herman Winkelmann of Corona,  
L. I., arrested on a charge of passing  
a red light at Broadway and St.  
James street, was given a suspended  
sentence.

Stephen Genter of Washington  
avenue, charged with passing a red  
traffic light at Albany and Clinton  
avenues, pleaded not guilty and his  
hearing was set down for June 24.

Why

AN R & G  
USED CAR  
IS THE BEST BUY  
IN TOWN

1. It is completely and thoroughly reconditioned.
2. Every important part of the car is accurately described to you.
3. You get a Money-Back Guarantee.

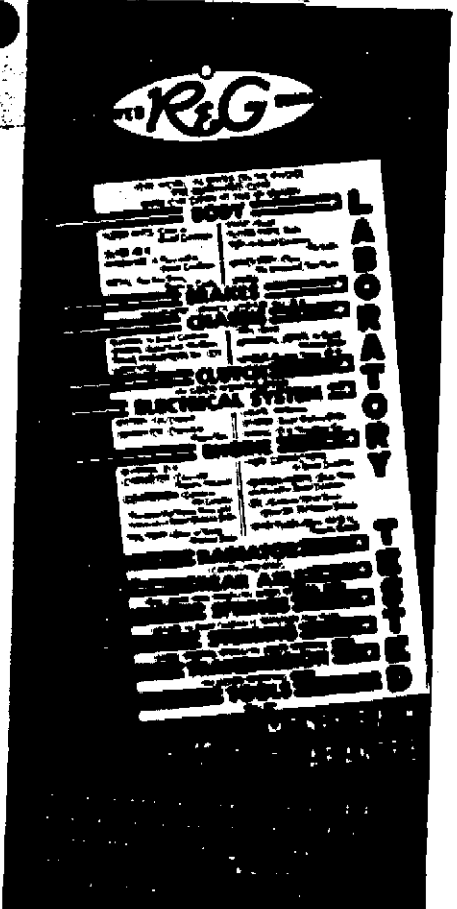

That's actually more protection than  
you get in buying a new car. Your  
Ford dealer wants your used car  
business. He knows from years of  
experience in handling Ford auto-  
mobiles that giving outstanding  
values for the money is the surest  
way to bring in the buying public.

That's why the Ford has earned for  
itself the title of "the universal car".  
And that's why the R & G plan has  
been devised to give the Ford dealer  
a "universal used car value."

In addition, you get a service war-  
ranty for 10 days after purchase.  
You get your Ford dealer's personal  
pledge of quality in the car you se-  
lect. And you can make your selec-  
tion from one of the most com-  
plete displays of makes and models  
in town.

You don't have to sit on the porch  
these fine days—and you don't need  
to be driving a car that's constantly  
needing repairs. Your Ford dealer  
will take the old car off your hands  
at the highest possible valuation.  
His R & G Used Cars are moderately  
priced, and may be bought on long,  
easy terms. You won't need cash to  
be driving one of the best buys in  
town. Go to your Ford dealer's and  
make your selection today.

SOLD ONLY BY AUTHORIZED FORD DEALERS
